BUY DIRECT FROM THIS CATALOG AND SAVE MONEY

Here is a catalog—so clear, so interesting and so well illustrated that even the most unskilled beginner can be successful right at the very start. We are sure this catalog will help you to unlock the beauties that Nature gives you—in the soil, right under your feet—waiting to be released.

We rejoice in the warm friendship that has existed between our many customers and ourselves, for which we are duly thankful, during these 70 years of pleasant business relationship.

Maloney's stock is grown by master nurserymen in the fertile Genesee Valley where Nature has bestowed her bounty.

SO EASY TO ORDER BY MAIL!

TERMS: Cash with order is required or stock will be shipped C.O.D.

C.O.D.: Send 25% of total price with C.O.D. orders. Pay balance on arrival to your express agent or to your post office.

How to Remit: By personal check, express money order, post office money order, bank draft or cash in a registered letter. **DO NOT SEND STAMPS.**

Shipping Season: We ship at the time best suited to your locality. If you desire your stock shipped on a special date, please so state on order blank. We can not guarantee orders to arrive on any certain day. All stock dormant when shipped.

Order Early: This enables us to assemble your order while supply is unbroken and set aside for shipment at the proper time.

Please fill in all the columns on the order sheet. Use catalog number and variety. Be sure to include packing and handling charge in total.

Size of Orders: We cannot accept orders for less than \$2.00 under present conditions.

This catalog cancels any prices prior to now.

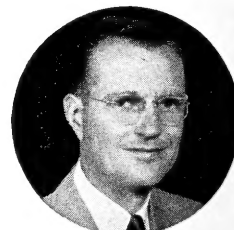

Mailing List: Write us of any change in your home address.

Warranty: No caution could be more exacting than ours. We will, with proper proof, replace free all trees, etc., that may prove untrue to label, or refund the price paid.

OUR REFERENCES: Security Trust Company, Dansville Branch; Genesee Valley National Bank & Trust Co., Genesee, N. Y.; Dun & Bradstreet Commercial Agency, New York City.

INSPECTION: Our nurseries are inspected yearly by an authorized State Inspector and a copy of our certificate received from the Department of Agriculture and Markets, Albany, N. Y., accompanies each shipment.

Maloney's include a postpaid envelope which needs no postage. Be sure and use this convenient mailing form.

MALONEY'S Guarantee

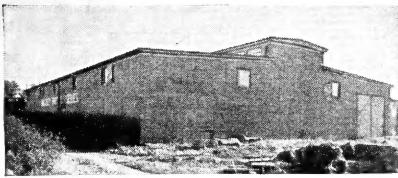

WE GUARANTEE to deliver stock in good condition, up to grade and specifications. If your order arrives in damaged condition, report immediately to carrier and to us. We will correct errors promptly or refund your money. **WE REPLACE FREE OF CHARGE ANY PLANT THAT FAILS TO GROW, PROVIDED YOU CAREFULLY FOLLOW OUR PLANTING INSTRUCTIONS,** and that you report on its condition before August 1st on shipments made the previous fall or spring. Please return your original order sheet when writing.

We are members of the American Association of Nurserymen, New York State Nurserymen's Association and the National Mail Order Nurserymen's Association.

FREE OFFER—SEE PAGE 10

WE PAY POSTAGE

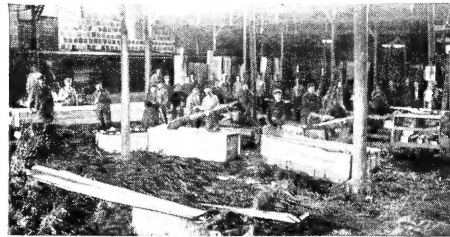

Many items in this catalog are delivered to your door postpaid. Items that are too large to go by parcel post are sent to you by express, and you pay the express charges. Where there is a mixed order of postpaid and express items, we ship the whole order express, prepaying in advance our portion of the charges. **NOT POSTPAID INTO CANADA.**

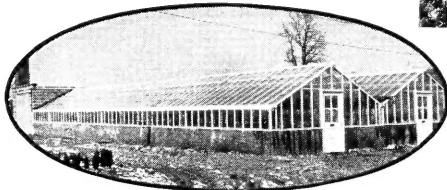

Skilled nurserymen that grade and ship thousands of trees annually—Maloney's send only the best selection to our customers.

The Maloney Label Means More for Less

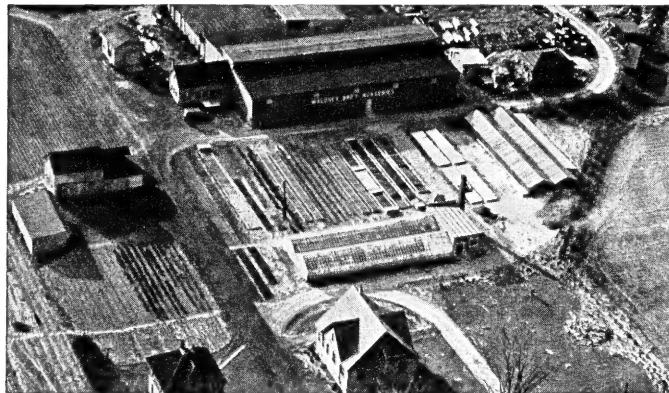

One of the Modern Weather-conditioned Warehouses where stock is kept in prime condition to soon burst forth upon your property.

Propagation houses scientifically controlled to develop strong roots.

One of our ever-green fields, nestled in the valley, where each tree is grown with sufficient room to develop a perfect specimen.

An over-all aerial view showing office building, test grounds, greenhouse, packing buildings and warehouses.

MALONEY BROS. BUFFALO SALES YARD

Visitors are welcome at all times to browse around our Buffalo Sales Yard located at Sheridan Drive and Parkhurst. You will find something of interest and in this way become acquainted with the

kind of plant material to use in the beautification of your home grounds. Of course, the same invitation applies to our Dansville plant.

Maloney's Unusual Garden Trophies of Merit

Crimson Pygmy Barberry

Crimson Pygmy Barberry

1802—(Berberis Sp.)

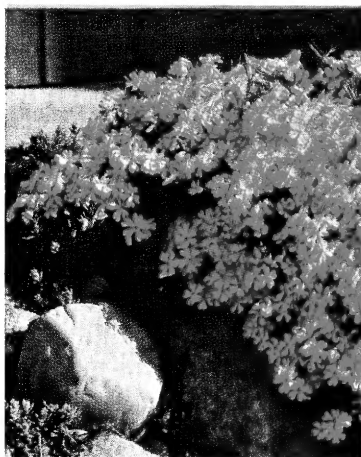

A charming dwarf form of brilliant Barberry that doesn't grow over 6-8 inches high. The leaves are a fire-engine-red but the new growth is even brighter. This is the gem of dwarf plants to sparkle midst an evergreen border or shine as a solitaire. To obtain the most brilliant shades, grow in full sun. **Price: Strong plants, \$2.00 each; 3 for \$5.50.**

Dwarf Tangerine

Dwarf Tangerine

3501—A wonderful pot plant of beauty and unique novelty. The waxy green foliage together with a dainty flower are worthy alone, but the brilliantly colored, edible fruit makes this a blue ribbon bonus plant. Easy to grow and a real outstanding novelty. **Strong plants from 2 1/4-inch pots, \$1.19 each; 2 for \$2.25, postpaid.**

Camla Phlox

Camla Phlox

(Phlox nivalis, Camla)

3502—A petite treasure from abroad which doesn't grow over 8 inches high. The flowers are a pure delicate pink and this neat little plant doesn't spread, but remains always snug and tidy. A gem worthy of the finest place in your garden. **Price: Heavy clumps, 75c each; 3 for \$2.00, postpaid.**

New Sunburst Locust

New Sunburst Locust

(PAF)

(Gleditsia triacanthos
inermis aurea)

2501—An outstanding new tree to grace your home, very well formed, symmetrical and broadly pyramidal with excellent branching habit. The New Sunburst combines all the favorable characteristics of freedom from disease, durability and delightful lacy shade of all locusts plus the added advantage of freedom from thorns, bright yellow flowers and golden bronze foliage. Truly a delightful specimen that will provide years of pleasure. Maturity height 35 ft. **Price: 3-4 ft., \$5.95 each; 4-5 ft., \$7.95 each.**

We Are Proud to Introduce

Frosty Morn

The New Dwarf Mock Orange
Plant Pat. No. 1174

1801—An unusually handsome Mock Orange which will never grow over knee high. During June Frosty Morn will create a sensation. Branches are heavily laden with unusually pure white blossoms of extreme loveliness. Enjoy the delightful fragrance, more delicate yet more penetrating than even Jasmine. The full double, pure white, intensely fragrant blossoms coupled with unique dwarfness that never needs pruning makes Frosty Morn a "must." Thoroughly hardy and vigorous, certainly a gem.

Price: 15-18 in., \$2.25 each, postpaid.

Roses of Today

All-America Patented Prize Winners

3701—PEACE. Pat. No. 591. An unbelievably beautiful Rose. Pale yellow etched pink. Color changes from pale yellow to iridescent cream. Petals are edged with pink. Price: \$2.50 each; 3 for \$6.60, postpaid.

Peace

Tiffany

3702—TIFFANY. PAF. All-America Selection 1955. Beautiful Phlox-pink flowers opening from long pointed buds with golden yellow shading at base. Has a fine fragrance and is an upright vigorous grower with dark green foliage. Price: \$3.00 each; 3 for \$7.80, postpaid.

Mojave

3703—MOJAVE. Pat. No. 1176. 1954 All-America Hybrid Tea. The blossoms are a blend of salmon, apricot and orange; sometimes in cool weather the salmon changes to red, blended with the other two colors, giving the effect of a sunset glow. The bush is vigorous, producing an amazing number of beautiful long, tapering buds for the most part on an individual stem. Price: \$2.75 each; 3 for \$7.20, postpaid.

Jimmy Cricket

Queen Elizabeth

NEW 1955 GRANDIFLORA TYPE

3704—QUEEN ELIZABETH. PAF. All-America Winner for 1955. Fragrant flowers are a beautiful blend of soft carmine-rose and dawn-pink, set off by glossy, deep green, heavy textured foliage. Blooms are both single and in clusters on almost thornless stems and hold up well when cut. Plant is remarkably disease resistant and hardy. Price: \$3.00 each; 3 for \$7.80, postpaid.

3705—JIMINY CRICKET. PAF. All-America Winner for 1955. Beautiful tangerine-red buds opening to coral-orange with an old-rose fragrance. A vigorous upright grower with glossy bronze foliage turning to glossy green. It blooms all season and is excellent for cut flowers. Price: \$2.50 each; 3 for \$6.60, postpaid.

3712—BLAZE. Hardy, everblooming Rose with dazzling double blossoms. A vigorous climber that has inherited the good qualities from its parent, Paul's Scarlet. Terrific crop of early blooms followed throughout the summer and fall.

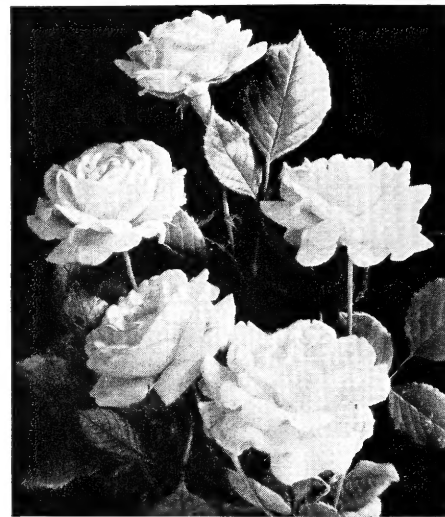

3714—NEW DAWN. Positively prolific. Soft, silvery pink blossoms borne on long stems that are Tea Rose in size. Ideal for cutting. Vigorous grower, hardy and sure to please those who want a fine climber.

3715—PAUL'S SCARLET. The popular and one of the greatest climbers of all times. Free blooming habit combined with rapid growth and hardiness has made this a favorite. The brilliant scarlet flowers last a long time and make a remarkable show wherever grown.

3716—SILVER MOON. Beautiful semi-double pure white flowers of unusual substance, often four or more inches across. The cup-shaped blossoms of pure white accented with yellow stamens create added charm. Hardy and not stingy with blooms.

3717—GOLD RUSH. A vigorous yellow climber with smooth petals resembling molten gold. Buds are freely borne and excellent for cutting. A splendid climber for color contrast and proven one of the best yellows.

3718—TALISMAN. A distinctive climber whose sturdiness and rich fragrant blooms are most desirable. Buds are orange-yellow opening into large blooms of salmon-orange shaded with red and gold. Long flower stems for cutting.

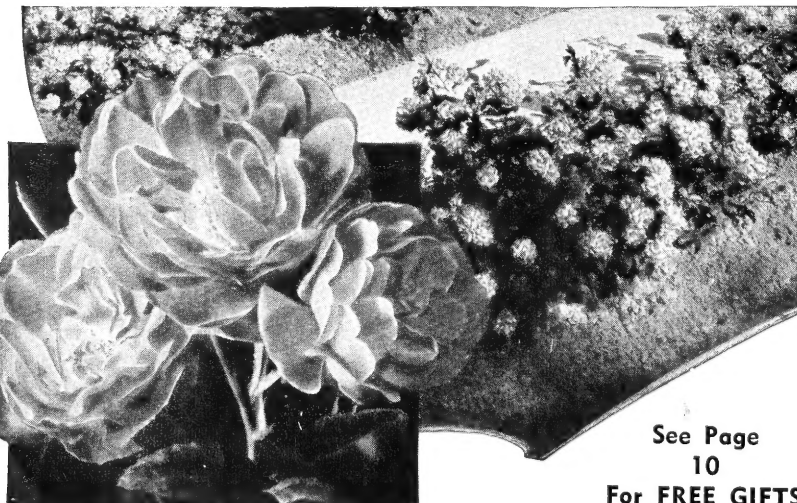

Blaze Climbing Rose

Everblooming Baby ROSES (Polyanthas)

Popular Polyantha Roses are sweeping the country in popularity for the plants grow into shapely compact bushes only 18 to 24 inches in height covered with a great mass of blossoms from spring until late fall. The flowers are most effective since they are small and arranged in trusses that accentuate their beauty.

Popular - Versatile POLYANTHAS

Anywhere, Everywhere, Appropriate and Useful for
Beds, Borders, Edging, Urns, Accents

- Brilliant as a bombshell
- Versatile as bulbs
- Hardy as trees in the woods
- Prolific as the stars

Price: 2-yr., No. 1, choice plants,
\$1.35 each; 3 for \$3.85; 5 for \$6.00;
10 for \$10.80, postpaid.

3719—MOTHER'S DAY. Always full of bright cherry-red blooms creating a garden by itself. A delightful outstanding red framed in handsome dark green foliage. The answer when you want a fine red. Very choice.

3720—MARGO KOSTER. A lovely salmon-colored blossom, with rich shadings of orange and pink. The fine flowers appear in heavy clusters and are semi-double. Very fine.

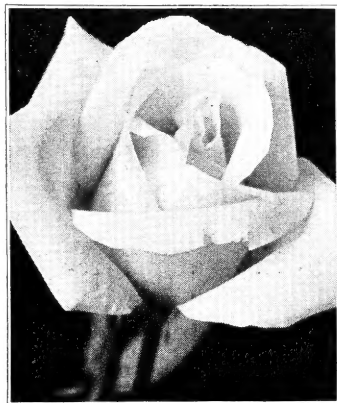

3721—CECIL BRUNNER. A favorite pink flowering in immense clusters till heavy frost. Very vigorous and you couldn't select any better. Ideal for planting in groups.

FLORIBUNDA ROSES

HEDGES, BORDERS, BEDS, BACKGROUNDS AND FOUNDATIONS

Hardy, vigorous brilliant blooms from sturdy 2-yr., No. 1, field-grown plants. Most prolific bloomers which start early in June and continue to produce constantly until freezing. Floribundas are one of the

best plants we know for bedding and borders. The foliage is attractive, not easily subject to disease and their long blooming habit makes them indispensable for borders, bedding and cutting all season.

Glacier

3707—GLACIER

Pat. No. 1025. Glistening white buds open to smooth satiny white flowers often 4½ inches across. The immaculate pure white blooms are cool and refreshing on warm summer days. A Rose sure to bring beauty to your garden. **Price: \$2.25 each; 3 for \$6.00, postpaid.**

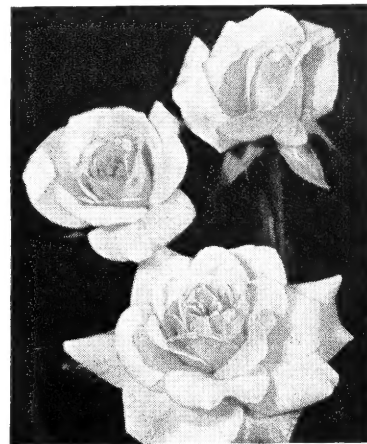

ALL ROSES ARE POSTPAID
Please Order by Catalog Number

Red Pinocchio

3711—RED PINOCCHIO

Pat. No. 812. Rich carmine blooms which deepen to a rich scarlet with a velvety cast. Long lasting blooms that do not fade and are delightfully fragrant. The plant is bushy, vigorous and hardy everywhere. **Price: \$1.50 each; 3 for \$3.90, postpaid.**

Goldilocks

3709—GOLDILOCKS

Pat. No. 672. Clusters of bright yellow blooms from early spring through summer and fall. Flowers cupped in early stages and gradually open to 3½ in. across. **Price: \$1.50 each; 3 for \$3.90, postpaid.**

Independence

3706—INDEPENDENCE

Pat. No. 1036. The reddest of all Floribundas whose color is so vivid words cannot do it justice. Exceptionally large flowers for a Floribunda—up to 4 inches across, with Tea Rose fragrance. Their vivid color does not fade in the sun and the rich glossy foliage adds accent to their brilliance. A compact growing Rose that will bring new beauty to your garden. **Price: \$2.25 each; 3 for \$6.00, postpaid.**

Carrousel

3708—CARROUSEL

Pat. No. 1066. Large, fragrant double dark red blossoms on long stems, from large crimson buds. Attractive dark, leathery foliage. An outstanding recent introduction. **Price: \$2.00 each; 3 for \$5.25, postpaid.**

Ma Perkins

3710—MA PERKINS

Pat. No. 1143. Sweetly scented, beautiful coral-salmon flowers growing in clusters, as well as singly throughout the season. It is also noteworthy because of the quality of the individual flowers, as well as mass bloom. **Price: \$2.00 each; 3 for \$5.25, postpaid.**

Free Gifts—See page 10

LANDSCAPING

TESTIMONIALS GALORE

LET US HELP YOU PLAN

Plan to spend extra time this spring and summer modernizing your present garden planting. Many are digging up overgrown shrubs and plants, and replacing with fresh, full-of-life, ready-to-bloom, new and better varieties. We will gladly help plan your garden. Read the instructions below.

If you purchase your stock from Maloney's, our charge for developing a scientifically planned landscape design will cost you only a few dollars. Hundreds of our customers use this service for the nominal charge indicated below.

It's free. You may deduct cost of plan when ordering as per the price schedule below. Actually plan costs nothing when you order. We will make a plan according to your specification. Providing you purchase not less than 75% of the material listed, you may deduct the cost of the plan.

LOW PRICES FOR PLANTING PLANS NECESSARY INFORMATION

Dimensions of property and buildings, location of buildings, all windows, entrances, walks, drives, etc., also name and location of all existing shrubs and trees. Send picture if possible. State amount you wish to spend on nursery stock.

OUR LOW PRICES FOR PLANS

\$20.00 to \$ 50.00—Charge \$ 7.50
50.00 to 100.00—Charge 10.00

Write for prices on plans \$100.00 and up.

Please show in colored pencil the areas you wish landscaped.

Charlotte, N. C.
Gentlemen:
I wish to advise that the two hazel nut bushes ordered by me on March 6th arrived this week and I am more than pleased with them. The bushes were of strong well-rooted stock and exceedingly well packed for shipment. I appreciate your excellent attention to my small order.
I plan to order more of these same bushes in the fall as I wish to make a hedge of them along a line fence.
Yours very truly,
FLOYD L. STRAWN.
Goode Construction Corporation.

Yorktown Heights, N. Y.
Dear Sirs:
We are proud first year gardeners, and since most of our purchased nursery stock was ordered from Maloney Brothers, we are anxious to give you this testimonial in the form of a progress report.
The fruit trees which you proudly term in your catalog "The Beau Brummels of the Nursery Row," are most certainly living up to this title. They are coming along perfectly. The same holds true for the Grape Vines we put in—and we proudly display the Concord Seedless and new Interlaken Seedless to all neighbors and visitors. We are positive, even as we may be, that the reason for their fine growth and condition is due simply to the general excellence of the nursery stock to begin with—and for this we thank you.
We have continued success for another 70 years.
Very sincerely yours,
Mr. and Mrs. Owen Jordan.

Allentown, Pa.
Gentlemen:
This past spring I purchased from your firm several young fruit trees. I am more than pleased with the quality of the stock I received.
One of the items was your five variety standard Apple tree. On this item I have a question. Is there any special care required in trimming away the lower branches when the time comes to employ in grafting this type tree and I would not like to trim away one or more of the variety of apples it produces. Again let me mention how pleased we are with your stock and express my thanks in advance for the answer to my question.
Very truly yours,
JOHN T. BERNARD.

Maywood, N. J.
Gentlemen:
Just want to say I purchased one of these Delicious Dwarf trees three years ago. This year it bore 24 perfect large delicious apples (each weighing almost a half pound). After seeing this all my neighbors asked me to order for them, therefore, the enclosed order for them.
Very truly yours,
MRS. J. BRADY.

Albany 3, N. Y.
Gentlemen:
As you may remember I sent to your company for your special Rose group (\$10.80). I want you to know how pleased I am with them. I have been raising Roses in my garden for about 30 years and I have never had new plants so thrived and the blossoms have been immense. The Gladioli are also growing well.
Very truly yours,
MRS. ZARA B. KINNEY.

FREE GIFTS FOR ORDERING EARLY

THESE VALUABLE GIFTS ARE FREE! You can have them, at no cost to you, if you will send your nursery order to us by Feb. 28th. You see, when orders are sent to us early, it is easier for us to give better selections and plan for shipment at just the right time for planting. This is all you have to do:

On nursery orders of \$5.00 to \$10.00, select one of the 10 free gifts.
On orders of \$10.00 to \$20.00, select two gifts, alike or different.
On orders of \$20.00 to \$30.00, select three gifts, alike or different.
On orders of \$30.00 or more, select four gifts, alike or different.

YOU MAY SELECT GIFTS AS FOLLOWS

Our
71st
Anniversary

- Gift 1A— 1 Everblooming Rose (not patented variety), worth \$1.35.

A paper-like shell that often can be broken open with the hands. Makes a lofty tree, good in the lawn. Grows successfully in the northern climates. Price: 2-3 ft., \$2.75 each. 3-4 ft., \$3.35 each.

Black Walnut

7003

BLACK WALNUT

Bears heavy crops of large, round nuts of excellent quality. Tree rapid grower, attaining large size and majestic form. Valuable for timber. Price: 3-4 ft., \$2.85 each. 4-5 ft., \$3.25 each.

7002

FILBERT, AMERICAN (Common Hazelnut)

Produces abundant crops of roundish nuts of fine flavor; hardy and productive. Prefers rather moist soil. Price: 3-4 ft., \$2.00 each.

New Type Hardy - Disease Resistant Chestnuts

7005

The Highly Prized Sweet Chestnuts Gathered Each Fall
Gone are the famous American Chestnuts of yesterday and in their place comes the New Chinese Chestnut. Now highly disease resistant and extremely hardy for northern climates. Thanks to our U. S. Department of Agriculture.

Unsurpassed as a decorative lawn tree, it grows tall, providing plenty of shade in the home grounds, besides yielding an annual crop of the finest sweet Chestnuts so loved by everyone. Better crops are insured by planting two or more trees for pollenization. Get your order in early. Price: 18-24 in., \$2.25 each. 2-3 ft., \$2.60 each.

Chinese Chestnut

NEW

Red Leaf Peach Tree

601

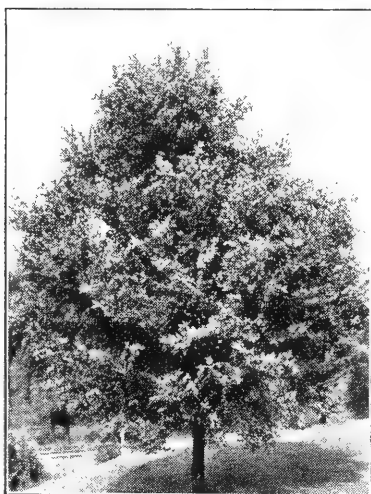

**A New Peach Tree with Fine Fruit and Red Foliage.
A Good Ornamental Lawn Tree.**

Beautiful bright red foliage appears in the early spring and changes to deep maroon in the fall. Very deep rose blossoms contrast magnificently with the colorful foliage. The tree produces a crop of small, perfectly round Peaches about 1 1/2 in. in diameter. The flesh is white and has a sweet flavor, the fruit over-all red color.

Price: 3-4 ft., \$2.00 each; 2 for \$3.45. 4-5 ft., \$2.25 each; 2 for \$3.95.

Lombardy Poplar

Fine for Tall Screens

2505—**LOMBARDY POPLAR** (Populus Nigra Italica). Tall, spire-like desirable for boundary lines or driveway entrances. For windbreaks—grows in most soils. Price: 3 1/2-5 ft., 60c each; 10, for \$5.00; 25 for \$11.25; 50 for \$20.00. 6-8 ft., \$1.25 each; 3 for \$3.45.

Maloney Leaders in Fine Flowering

SAUCER MAGNOLIA

(Magnolia Soulangeana)

2511—A long-time favorite, this prolific bloomer produces fragrant, cup-shaped blossoms 3 to 5 inches across, white inside and rosy violet outside. Maturity height 20 ft. Price: 2-3 ft., B&B, \$4.95 each.

EUROPEAN MOUNTAIN ASH

(Sorbus Aucuparia)

2512—A very ornamental small tree, with fine bluish green compound leaves and greenish gray bark. Freely produces creamy white flowers in flat clusters, followed by bright scarlet berries which endure for months. Use as a specimen or for accent in borders. Maturity height 25-30 ft. Price: 5-6 ft., \$4.50 each.

New — Different WEEPING CHERRIES

(Prunus Subhirtella Pendula)

2514—Gay bright pink Weeping Cherries arrest attention whenever grown and the graceful branches produce an artistic effect beyond description. Even when not in bloom the cascade effect of weeping branches is delightful and charming. Price: 3-4 ft., \$5.50 each.

New SEEDLESS MORaine LOCUST

Fast Growing— Long Lived—Seedless

2516—This beautiful new form of Locust, which is almost entirely free from thorns, is a vigorous and rapid grower. It will create light, airy shade quickly with its canopy of lace-like foliage. Free from insect pests. It is a hardy tree—grows on most every kind of soil. It looks somewhat like American Elm in its graceful beauty. It is a clean tree with no unsightly seeds on your lawn. We recommend it to you highly. Price: 5-6 ft., \$5.95 each.

This tested favorite is hardy anywhere and may be kept at any height. **Price:** 18-24 in., 85c each; 3 for \$2.40; 10 for \$7.50. 2-3 ft., 95c each; 3 for \$2.70; 10 for \$8.50, postpaid.

Maloney's GARDEN

The Magnificent - Stately **Maloney TREE PEONY** *A Real Novelty for Every Garden*

1803—A small investment when you consider the phenomenally attractive garden beautifier. A profusion of blooms fully double. Grow on an upright, large tree 3-5 ft. tall. The plants do not die back or require any special attention. Buy early for good selection. Mixed colors. **Price: \$7.50 each.**

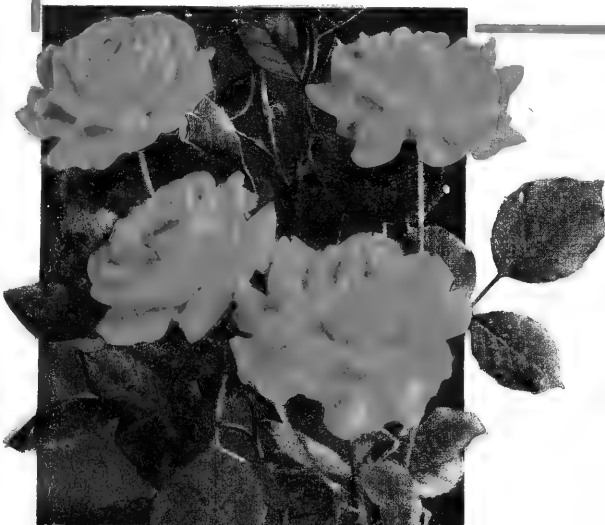

Hypericum Hidcote

1804—A new variety originating in England. The flowers are a bright yellow, cup-like in shape, starting in June and continuing throughout the summer, very fragrant, about 2 inches in diameter. Maturity height approximately 4 ft. **Price: 18-24 in., \$2.00 each, postpaid.**

OAKINGTON RUBY

3740—This is a permanently dwarf Rose growing to no more than 12 inches at maturity. Given the Award of Merit by the English Royal Horticultural Society. The buds are fully double, deep crimson, opening to rich ruby-carmine. Continuous bloom from May until late autumn. Dame nature's miniature marvel that you will cherish. **Price: \$1.25 each; 3 for \$3.30, postpaid.**

BLUE MIST

(Caryopteris
Mastacanthus)

1808—One of the outstanding low growing shrubs that is a rounded mass of small fringed, powdery blue flowers from August until frost. A truly worth-while plant, grows to only 2 feet and is ideal for any location. **Price: No. 1, \$1.15 each; 3 for \$3.15, postpaid.**

[20]

Unusual TROPHIES

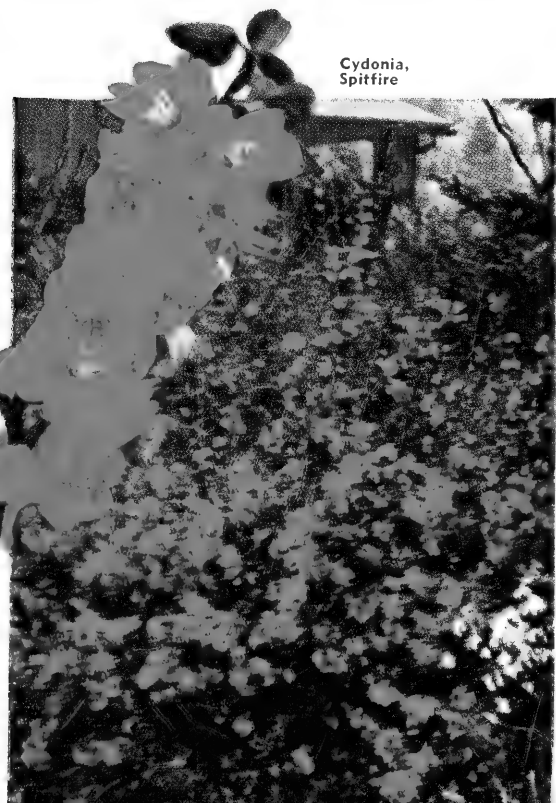

TREE WISTERIA

2525—The charm and grace of the romantic Wisteria skillfully grafted to grow as a tree. An outstanding accent for lawn or border that is envied and admired wherever grown. Maturity height 6-8 ft. **Price: 3-4 ft., \$8.00 each.**

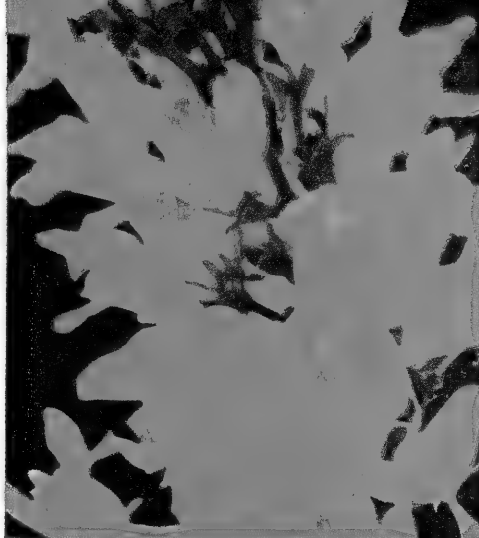

Cydonia Spitfire (Plant Pat. No. 830)

A New Upright Cydonia

1805—A fine early flowering shrub, perfect for hedges and single specimens. The flowers are large and deepest crimson-red, borne on upright stems from the ground up. It achieves a height of about 6 to 7 feet when mature, but can be held down to 4 or 5 feet by "topping" once a year. Has a maximum spread of 2 ft. **Price: 2-yr. plants, 18-24 in., \$3.00 each; 3 for \$8.50, postpaid.**

Cydonia,
Spitfire

FORSYTHIA *Lynwood Gold*

1806—New Forsythia originating in Ireland. Branches are erect and covered with golden yellow flowers from top to bottom, very full and not affected by weather. Excellent for cutting and flowering in the house during the winter months. 5-7 ft. at maturity. **Price: 18-24 in., \$2.00 each; 3 for \$5.50, postpaid.**

Fragrant
Gardenia

FRAGRANT GARDENIA

(Gardenia Veitchii)

3504—You can now enjoy the romantic corsage Gardenia right in your own home. The fragrant, fashionable blossoms are of exquisite beauty and the dark green leathery foliage is extremely attractive at all times. Grows well indoors at room temperatures and adds distinctive charm to the terrace in summer. **Price: 95c each; 2 for \$1.85, postpaid.**

Amaryllis Halli

FREE GIFT

AMARYLLIS HALLI

5001—A delightful surprise in early autumn when heavy stalks at least two feet high appear from nowhere with large orchid-pink lily like blossoms. Particularly attractive when planted in a bed of ground covers or amidst evergreens. A different novelty to amaze you. **Price: 60c each; 3 for \$1.65; 6 for \$2.70, postpaid.**

Discoveries in Unusual Shrubs of Character

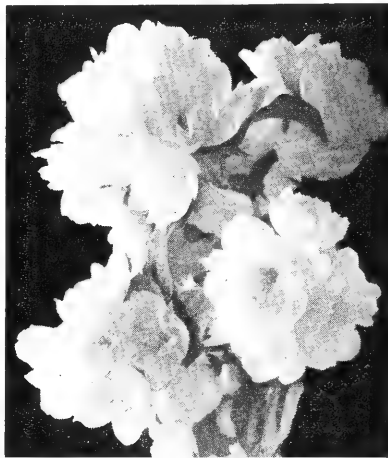

Each Useful
and Lovely
To Enrich
Your Home
and Garden

POTENTILLA

(Potentilla Fruticosa Sp.)

1855—An impressive shrub that grows in an irregular small mound about 2 feet high covered with a mass of small fern-like leaves. From early June till October there is a constant lavish bloom of intense yellow, Buttercup-like flowers. There are few shrubs that are as hardy or flower so continually, certainly a "must." Price: 15-18 in., \$1.45 each, postpaid.

DOUBLE MOCK ORANGE

(Philadelphus "Enchantment")

1809—Supply your own bridal bouquet from this beautiful, sweet scented shrub that is smothered with large, pure white flowers from the ground up in June. Succeeds everywhere. Maturity height 6-8 ft. Price: 2-yr., blooming size plants, 18-24 in., \$1.35 each. 2-3 ft., \$1.60 each, postpaid.

FATHER HUGO'S ROSE

(Rosa Hugonis)

3741—A splendid hardy Rose that will produce large delicate yellow flowers on arching stems. Particularly desirable for hardiness, healthiness and ability to thrive under the most adverse conditions. The name is reputed to stem from a mission in the southwest where all else failed to grow. Maturity height 4-5 ft. Price: 18-24 in. plants, \$1.50 each; 3 for \$4.25, postpaid.

Free Gifts—See page 10

How to Order—See page 2

American Wonder LEMON Dwarf Lemon

3505—Now you can grow Lemons indoors on the most unique plant ever offered for indoor culture. Covered with waxy white flowers several times a year followed by large Lemons often weighing a pound. Price: 2-yr., large size, \$1.65 each; 2 for \$3.00. 1-yr., \$1.19 each; 2 for \$2.25, postpaid.

Pea Tree

(Caragana Arborescens)

2526—An upright, shrub-shaped, small tree with delightfully fine texture. The yellow flowers in May are unusually handsome, creating a most striking effect with the green stems. This delightful tree is able to withstand the coldest winters and may be trimmed into any desired form. Maturity height 15-20 ft. Price: 2-3 ft., \$1.25 each, postpaid.

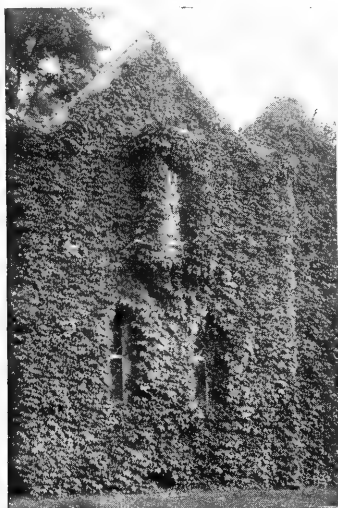

OAK LEAF HYDRANGEA

(Hydrangea Quercifolia)

1807—An unusual shrub with foliage resembling Oak leaves, very attractive all season but especially so in the fall when it colors a rich crimson. Pinkish flowers in June turning to purple. Hardy and will grow in sun or partial shade. Maturity height 6-8 ft. Price: 15-18 in., \$1.25 each, postpaid.

Vines add charm to your home

The Shade Loving

TUBEROUS ROOTED BEGONIAS

5002—These double Camellia-type Begonias are particularly recommended for northern exposure or places lacking sun. Offered in a fine mixture of various colors. The lovely wax-like, large blossoms resemble the ever-popular Camellias. These uncommon flowers grow from bulbs planted in the spring.
Price: Large size bulbs, 1¼-1½ in., 6 for \$1.00; 12 for \$1.85; 24 for \$3.60. Extra large size bulbs, 1½ in. up, 3 for \$1.10; 6 for \$2.00; 12 for \$3.85, postpaid.

Oregon Holly-Grape

(Mahonia Aquifolium)

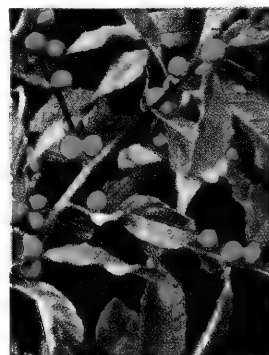

2903—A handsome evergreen with striking yellow flowers that are followed by attractive Grape-like blue fruit. In the fall the leaves turn to colorful copper. One of the few plants that incorporate the values of attractive flowers and fruit together with fall coloration and fine foliage. A treasure.
Price: 12-15 in., \$2.95 each.

Maloney's Are Proud To Introduce

1001 OREGON TRAIL (PAF.)

The New, Exciting, Outstanding, Flowering and Fruiting Plum.

Imagine the thrill in early spring to see a spectacular flood of blush-white delicately scented flowers covering the entire tree. Soon the leaves unfold bright red, later turning to glossy green on the surface and red-purple beneath, a continuous panorama of beauty from midsummer till frost. Oregon Trail is abundant with clusters of bright cherry-red fruits covering the tree like Christmas ornaments. The fruit is not only attractive but very juicy and refreshing when eaten fresh and wonderful for jams and jellies. Certainly an outstanding tree which grows rapidly with strong ascending branches and will thrive anywhere. The supply of this new variety is limited, so do not fail to be one of the first to enjoy the shade, grace and beauty, color of flowers, foliage and fruit of "Oregon Trail." **Price:** 4-5 ft., \$4.50 each.

HARDY HOLLY

(Ilex Verticillata)

1810—An unusually fine deciduous plant having attractive green foliage followed by highly ornamental red berries in fall. A beautiful plant to blend with evergreens or use as a shrub border. Prefers moist, acid soil. Does well in northern exposure, hardy everywhere. Do not confuse with Christmas Holly. **Price:** 18-24 in., \$1.50 each, postpaid.

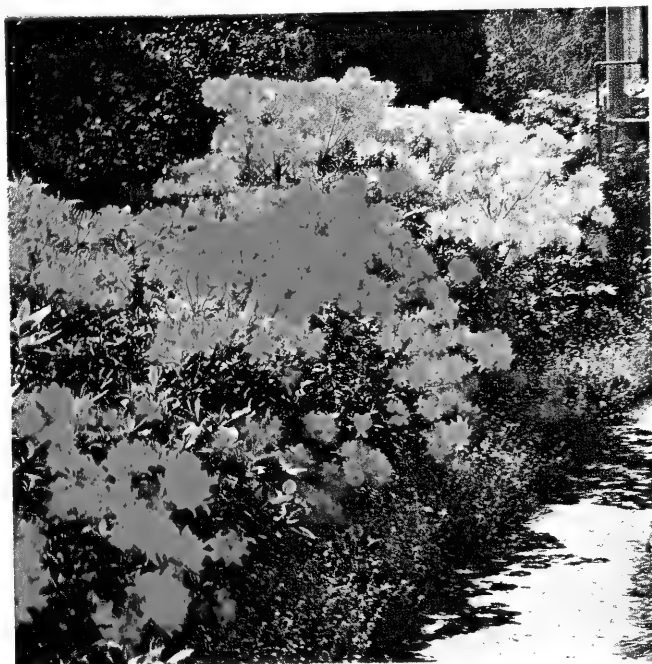

New York State's Oldest and Largest Direct-by-Mail Nursery

RHODODENDRON MAXIMUM

A Fine Evergreen Shrub for Shady Spots

2905—Glossy green leaves with large pinkish flowers the size of Peonies in May. Fine to mix with needle-type evergreens. These sturdy, well developed, branched plants are the best we've ever had to offer. They are field-grown and have excellent root system. Are not "spindly" and "leggy" in habit. **Price:** 12-18 in., \$3.00 each; 3 for \$7.50.

AZALEA MOLLIS

2904—Unquestionably one of the most magnificent of all deciduous shrubs. The assortment of lovely pastel shades combined with hardiness that withstands zero temperature plus the never failing ability to produce masses of blooms is of special merit. Ultimate height 3 feet. Very choice plants. **Prices:** 12-15 in., \$2.70 each.

HAWTHORN

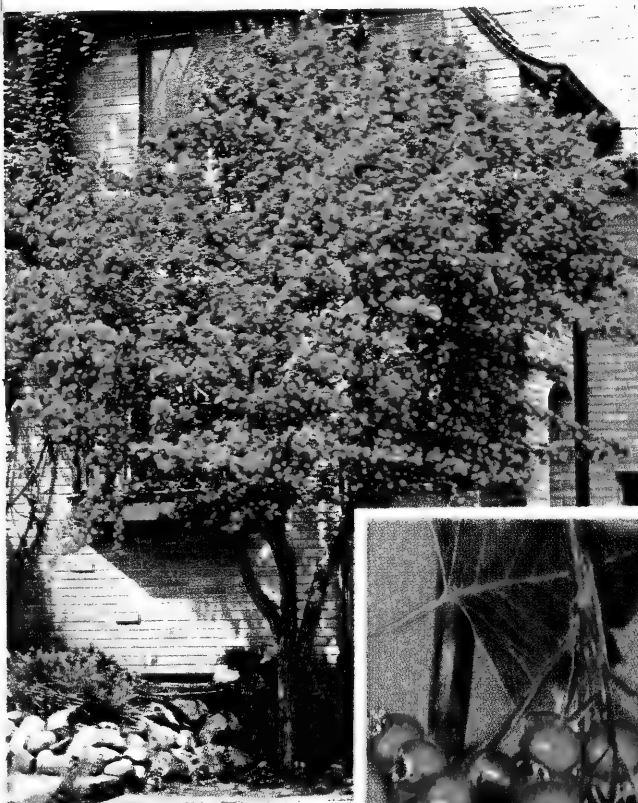

(Crataegus Oxyacantha)

2527—This beautiful small tree grows to about 15 feet in any soil. The flowers bloom in lovely clusters and are very profuse. The wood is quite twiggy and the spines insure that this fine tree will not be molested. The fruit remains on the tree well into winter and is very attractive to our feathered friends. **Price:** 5-6 ft., \$3.95 each.

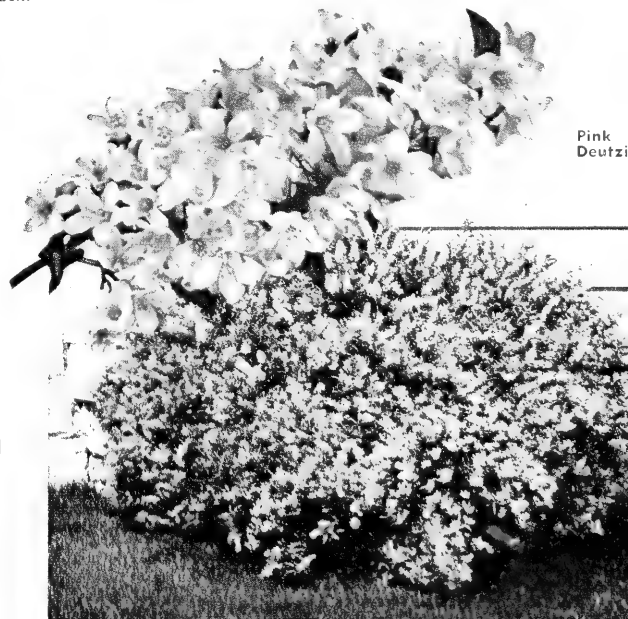

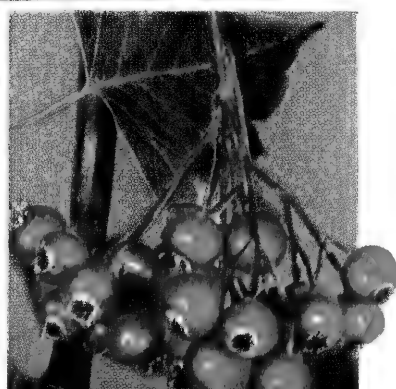

PINK DEUTZIA

(Deutzia Gracilis Rosea)

1816—This lovely plant is the prettiest and most graceful of all the Deutzias. It seldom grows over 2-3 ft. high and makes a fountain-like bush that is attractive both winter and summer. In late May there is a superabundance of delicate pink flowers which cover the entire plant. It does well in sun or light shade and is excellent for edging walks or in foreground of foundation plantings. **Price:** 12-15 in., \$1.45 each, postpaid.

SAVIN'S JUNIPER

(Juniperus Sabina)

2917—A spreading, vase-shaped shrub with handsome plume-like branches, and dark green foliage. Grows well on limestone soil. Has a 4-5 ft. spread.

12-15 in. \$2.25 each

MUGHO PINE

2912—This picturesque dwarf Pine forms a bushy, compact ball, growing as broad as it does high. Sometimes called the "Pin Cushion Pine" for the perfectly round ball hugs the ground as a cushion. Especially desirable, accenting walks or doorways. Price: 15-18 in., \$3.50 each.

ALL Evergreens

are taken up expertly to secure the tender roots and balled and burlapped in wet moss. This eliminates fifty to sixty pounds of soil, making low cost express shipments possible, insuring excellent growth and quicker root action. In planting, remove burlap and use peat moss in hole around roots.

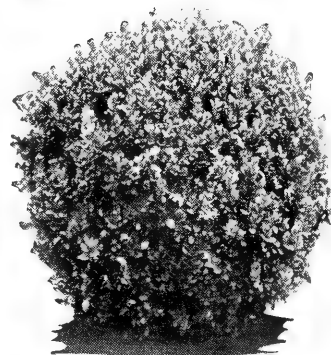

NOTE: All evergreens are shipped separate from other stock.

DWARF BOXWOOD

(Buxus Suffruticosa)

For Edging

2911—Dwarf growing, hardy Boxwood with attractive foliage. Can be kept to 12-15 in. in height. 6-8 in., \$1.25 each, postpaid.

Dwarf Boxwood

10

GLOBE ARBOR-VITAE

(Thuja Occidentalis Globosa)

2916—Dwarf and globe-shaped with a 3-ft. spread. Excellent for edging in foundation plantings and for "facing down."

12-15 in. \$2.00 each
15-18 in. 2.85 each
18-24 in. 3.35 each

PYRAMIDAL ARBOR-VITAE

(Thuja Occidentalis Pyramidalis)

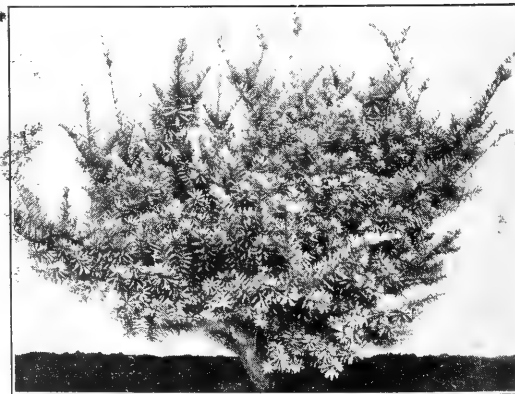

2915—A densely columnar type, compact and erect, with deep green foliage. Useful for corners and on either side of doorways in foundation plantings. Maturity height 8 ft.

15-18 in. \$2.50 each
18-24 in. 3.00 each
2- 3 ft. 4.00 each

Pyramidal Arbor-Vitae

Maloney's Finest Quality

DWARF JAPANESE YEW

(Taxus Cuspidata Brevifolia)

2914—A dwarf, slow growing, spreading shrub with short, richly dark green foliage. Good in shady areas and in the foreground of foundation plantings. Maturity height 2 ft. 12-15 in., \$3.50 each.

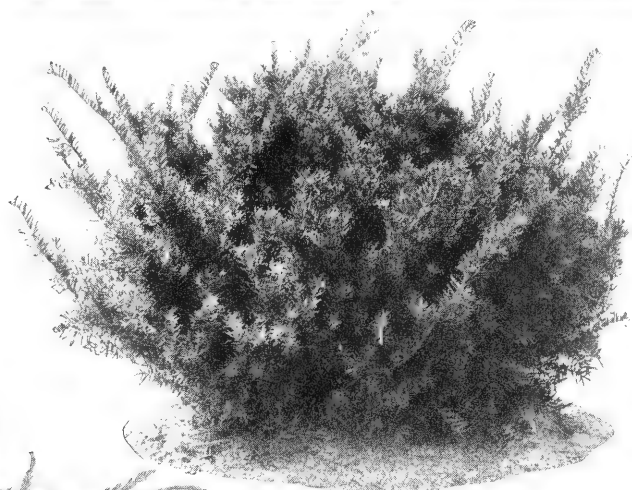

Quality as well as price should be considered in buying Evergreens. Maloney's are carefully dug and acclimated before shipment.

Autumn sees the leaves Flare and Fall and only the Evergreens are left

MEYERI JUNIPER

2918 — Steel-blue color, dwarf upright growing. Maturity height 6 ft. Ideal for ranch type homes.

PRICE: 15-18 in., \$3.75 each.

JAPANESE YEW

(Taxus Cuspidata)

2909—The aristocrat of all Evergreens. Compact, upright spreading variety; dark green foliage; scarlet berries in autumn. For use in shady areas and for foundation plantings. Can be trimmed or will grow to have 4-foot spread. **12-15 in. transplants, \$3.25 each.**

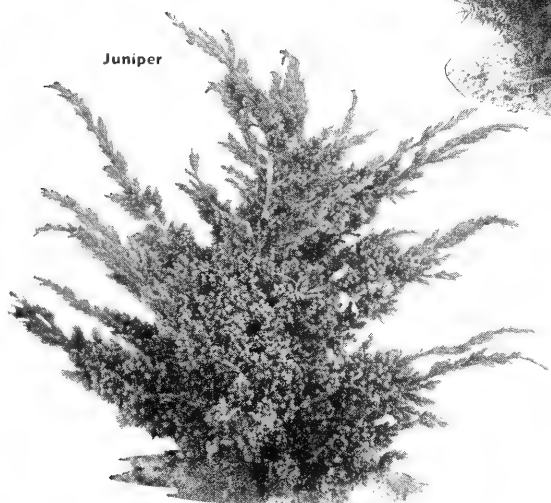

HICKS' YEW

(Taxus Media Hicksi)

2906—Beautiful, dense, columnar form; bright red berries in the fall. Heavily sheared for specimens. For use in shady places and for foundation planting. Maturity height 5 ft. **15-18 in., \$4.25 each. 18-24 in., \$5.50 each.**

Maloney's fine **FLOWERING Shrubs**

BLOOM from **APRIL** to **LATE FALL**

VARIEGATED WEIGELA

(Weigela Rosea Nana Variegata)

1817—Fine dwarf shrub. Silvery variegated leaves. Flowers rose with white eye. 4-5 ft. at maturity. July. **Price:** 2-yr., blooming size plants, 15-18 in., 95c each; 2 for \$1.80. 18-24 in., \$1.25 each; 2 for \$2.25, postpaid.

CORALBERRY

(Symphoricarpos Chenaultii)

1812—Pink flowers followed by coral-red berries which hang like pendent jewels upon a regal background. Very hardy and vigorous. 3-4 ft. at maturity. **Price:** 2-yr., blooming size plants, 18-24 in., \$1.00 each; 3 for \$2.70. 2-3 ft., \$1.25 each; 3 for \$3.45, postpaid.

FORSYTHIA, "SPRING GLORY"

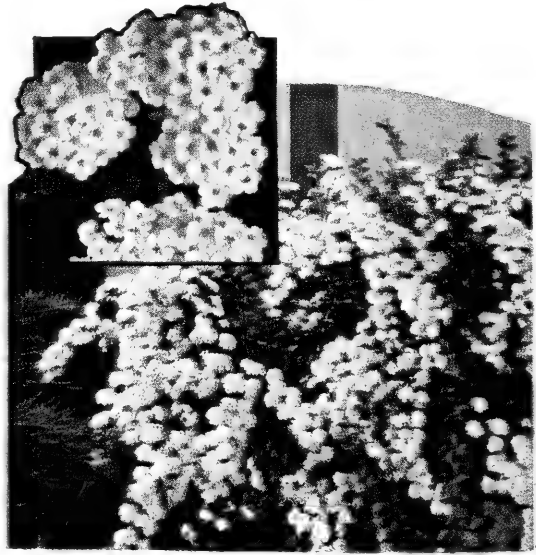

1811—New. A brilliant new Forsythia which is really a magnificent sight to behold when mature and in full bloom—branches completely covered with larger than average flowers. Canes grow erect with gracefully drooping tips giving the effect of a giant sunburst. Very hardy in all sections of the country and thrives and grows vigorously in all soil. 6-8 ft. at maturity. **Price:** 2-yr., blooming size plants, 18-24 in., \$1.00 each; 3 for \$2.70. 2-3 ft., \$1.25 each; 3 for \$3.45, postpaid.

ROSE OF SHARON

(Hibiscus, Althea)

1814—At home wherever grown. In late summer literally smothered with great big double Rose-like blooms. Red, Pink, Purple and White. 8-10 ft. at maturity. **Price:** 2-yr., blooming size plants, 18-24 in., \$1.00 each; 3 for \$2.70. 2-3 ft., \$1.25 each; 3 for \$3.45, postpaid.

VAN HOUTTE SPIREA

(Spirea Van Houttei)

1815—Completely covered with thousands of pure white blossoms that gracefully cascade into a fountainous effect. Most popular Spirea. Excellent for hedges. 6-8 ft. at maturity. **Price:** 2-yr., blooming size plants, 18-24 in., 85c each; 3 for \$2.40; 10 for \$7.50. 2-3 ft., 95c each; 3 for \$2.70; 10 for \$8.50, postpaid.

PEEGEE HYDRANGEA

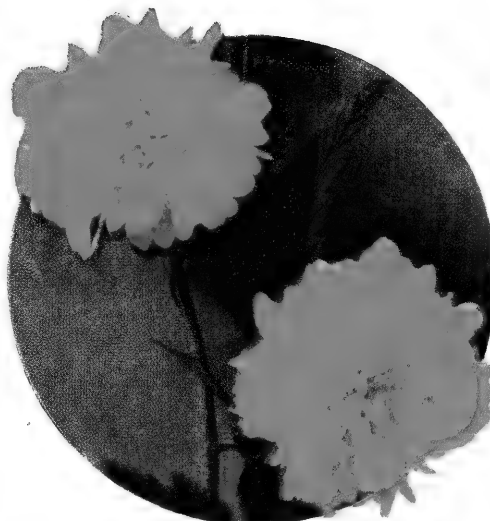

(Hydrangea Paniculata Grandiflora)

SHRUB FORM

1822—During the hot summer months this favorite is covered with great white pyramidal shaped blooms that droop gracefully from their own weight and gradually turn to beautiful tints of rose and bronze. Excellent for winter decoration when dry. Hardy, easy to grow, sure bloomer. Maturity height 4-5 ft. **Price:** 2-yr., **blooming size plants**, 15-18 in., 90c each; 3 for \$2.55. 18-24 in., \$1.00 each; 3 for \$2.70, postpaid.

Snowberry

DOUBLE FLOWERED KERRIA

(Kerria Japonica Pleniflora)

1818—Double, golden yellow rose-like blossoms continue all summer. The branches remain emerald-green all winter to liven the landscape. Vibrant the year around, thrive everywhere. Maturity height 4-5 ft. **Price:** 2-yr., **blooming size plants**, 18-24 in., \$1.35 each; 2 for \$2.60. 2-3 ft., \$1.65 each; 2 for \$3.20, postpaid.

SNOWBERRY

(Symphoricarpos racemosus)

1820—Strikingly beautiful shrub whose waxy white fruit following pink flowers closely resemble Snowballs. The fruit hangs in tiny clusters nodding a welcome invitation to our feathered friends well into the winter. Unusually attractive, hardy and grows everywhere. Maturity height 4-5 ft. **Price:** 2-yr., **blooming size plants**, 18-24 in., \$1.00 each; 3 for \$2.70. 2-3 ft., \$1.25 each; 3 for \$3.45, postpaid.

TARTARIAN HONEYSUCKLE

(Lonicera Tatarica Rubra)

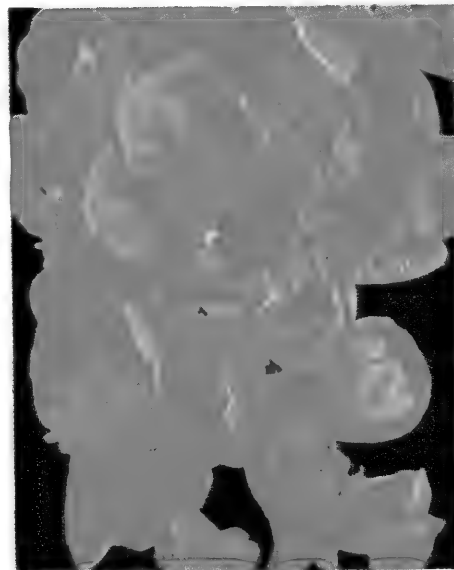

1821—A very rapid grower. Makes a wonderful showing the first year. In May and June conspicuous with a mass of spangled pink flowers, followed by a multitude of scarlet berries and lively green foliage. 6-8 ft. at maturity. Often used for hedging. **Price:** 2-yr., **blooming size plants**, 18-24 in., \$1.00 each; 3 for \$2.70. 2-3 ft., \$1.25 each; 3 for \$3.45, postpaid.

RED-LEAVED BARBERRY

(Berberis Thunbergi Atropurpurea)

1824—Foliage rich bronzy red. Brilliant throughout summer and fall. Scarlet berries remain on plant the entire winter. Plant in full exposure to the sun. 3 ft. at maturity. **Price:** 2-yr. plants, 15-18 in., 90c each; 3 for \$2.55. 18-24 in., \$1.00 each; 3 for \$2.85, postpaid.

RED JAPANESE QUINCE

(Cydonia Japonica)

1819—Early in the spring this delightful shrub is especially brilliant blanketed with dazzling scarlet flowers, followed by dark green, glossy foliage. Very desirable for single specimens or hedges and the fragrant blossoms are ideal for cutting. Truly a versatile favorite and a "must" for your garden. Maturity height 3-4 ft. **Price:** 2-yr., **blooming size plants**, 15-18 in., 90c each; 3 for \$2.55. 18-24 in., \$1.00 each; 3 for \$2.70, postpaid.

PUSSY WILLOW "Rose Gold"

(Salix Gracilistyla)

1823—Not tiny kittens, but fat plump pussies that change from one intriguing shade to another. First appearing as shimmering silver, then blush-pink only to change again a rosy pink accented with thousands of yellow exclamation marks and culminating the spectacle with velvet nuggets of yellow gold. The pussies last for weeks and weeks and can be made to perform indoors. Attractive steel foliage, graceful form and panorama of color will be one of the highlights of your planting. Maturity height 4-5 ft. **Price:** \$1.25 each; 2 for \$2.30, postpaid.

PURPLE LILAC

(Syringa Vulgaris)

1828—Most common of Lilacs, a real old-fashioned favorite. Highly perfumed flowers in May. 10 ft. at maturity. Price: 18-24 in., \$1.00 each; 3 for \$2.85. 2-3 ft., \$1.25 each; 3 for \$3.60, postpaid.

Deutzia, Pride of Rochester

DEUTZIA, PRIDE OF ROCHESTER

(Deutzia Scabra

Candidissima)

1830—Best known variety. Flowers large and free, double white. May. 6-8 ft. at maturity. Price: 2-yr., blooming size plants, 18-24 in., \$1.00 each; 3 for \$2.70. 2-3 ft., \$1.25 each; 3 for \$3.45, pp.

BUDDLEIA (Butterfly Bush)

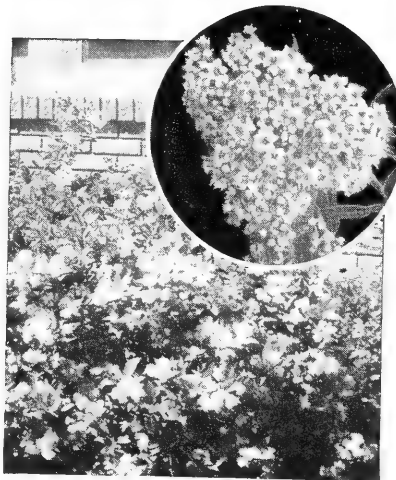

1850—EMPIRE BLUE. Aster-blue with a delicate lilac tone. The whole effect being an exquisite shade of blue. 4-6 ft. at maturity. Price: 2-yr., blooming size plants, \$1.25 each; 2 for \$2.40, postpaid.

1851—DUBONNET. New. The color is an intriguing shade of rich grape-purple. The firm, cylindrical spikes are snugly set with individual flowers of good size that do not sunburn. The plant is erect with strong stems, the leaves are large, and of firm, leathery texture. 4-6 ft. at maturity. Price: 2-yr., blooming size, \$1.15 each; 2 for \$1.80.

1852—RED GLORY. Brightest red Buddleia of them all. Ideal for cut-flower purposes. Very hardy, producing blooms from July until frost. 4-6 ft. at maturity. Price: 2-yr., blooming size plants, \$1.25 each; 2 for \$2.40, postpaid.

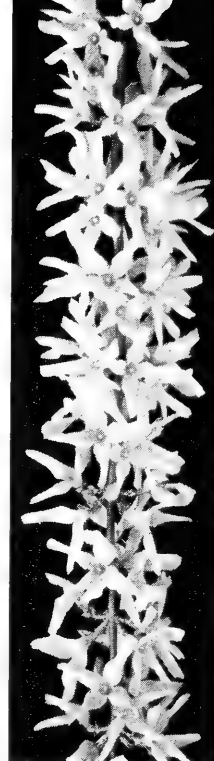

1853—WHITE CLOUD. Not over 3 feet high and about the same in diameter, forming a green mound studded with short stemmed flower spikes with pure white blooms. Early August until October. Price: 2-yr., No. 1 plants, \$1.25 each; 2 for \$2.40, postpaid.

Page 10

SPIREA ANTHONY WATERER

1826—Broad, flat heads of red flowers in profusion all summer. Particularly good as a border plant in flowering shrub beds. 3 ft. at maturity. June-July. Price: 15-18 in., 95c each; 3 for \$2.70. 18-24 in., \$1.15 each; 3 for \$3.30, postpaid.

SHOWY BORDER FORSYTHIA

(Forsythia Intermedia)

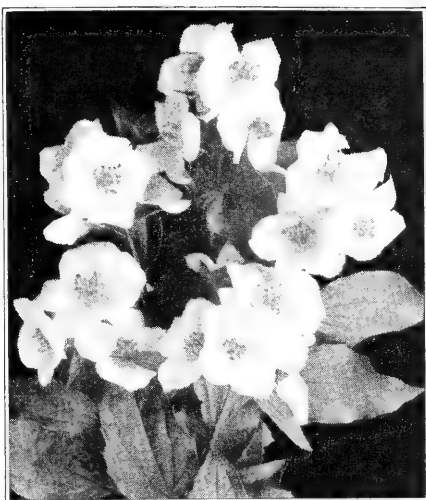

1829—Arching, earliest blooming, long drooping canes of yellow flowers. April. 6-8 ft. at maturity. Price: 18-24 in., \$1.00 each; 3 for \$2.70. 2-3 ft., \$1.25 each; 3 for \$3.45, postpaid.

HYBRID PINK SPIREA

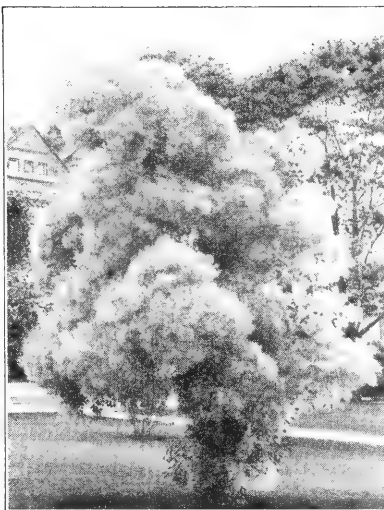

(Spirea Macrothyrsa)

1825—Without doubt the finest pink Spirea ever introduced. Enormous spikes of cameo-pink flowers up to 12 inches long. Clusters of secondary spikes follow after cutting, and by trimming out the old flowers the plant can be made to bloom until late September. Price: 2-yr., blooming size plants, 18-24 in., \$1.00 each; 3 for \$2.70. 2-3 ft., \$1.25 each; 3 for \$3.45, postpaid.

PHILADELPHUS, INNOCENCE

1834—A new Deluxe Mock Orange type, with exceptionally large, single flowers. The branches are heavily laden with a wealth of close blooming flowers on slender branches. Grows to 5 ft. Price: 18-24 in., \$1.15 each; 3 for \$3.30. 2-3 ft., \$1.35 each; 3 for \$3.80, postpaid.

SMOKE BUSH

(Cotinus Coggygia)

1831—This interesting specimen is prominent because of the numerous pinkish feathery fruit panicles, borne in great profusion, which give the whole bush a pink, smoky appearance lasting for weeks. Very effective in the summer and in the fall when the leaves turn yellow to orange. Maturity height 15 ft. Price: 18-24 in., \$1.65 each; 3 for \$4.50, postpaid.

HILLS OF SNOW

(Hydrangea A. G.)

1837—Blooms very large, pure snow-white in July and August. 4-5 ft. at maturity. Price: 2-yr., blooming size plants, 18-24 in., \$1.00 each; 3 for \$2.70. 2-3 ft., \$1.25 each; 3 for \$3.45, postpaid.

THUNBERGI SPIREA

(Spirea Thunbergi)

1832—Dense, feathery bush, 3 to 5 ft. high. White flowers in early spring. Foliage light yellowish green turning red and orange in fall. Price: 2-yr., blooming size plants, 95c each; 3 for \$2.70, postpaid.

RED TWIG DOGWOOD

(Cornus Stolonifera)

1833—White flowers followed by white berries. In winter the branches are blood-red. 6-8 ft. at maturity. May-June. Price: 18-24 in., \$1.00 each; 3 for \$2.70. 2-3 ft., \$1.25 each; 3 for \$3.45, postpaid.

LEMOINE'S DEUTZIA

(Deutzia Lemoinei)

1835—Flowers large, pure white, produced freely. July. 3 ft. at maturity. Price: 2-yr., blooming size plants, 15-18 in., 90c each; 3 for \$2.55. 18-24 in., \$1.00 each; 3 for \$2.85, postpaid.

SNOWBALL

(Viburnum
Opulus Sterile)

1854—One of the most popular of all shrubs, with big, round, Snowball-like flowers in April and May, 3 to 4 inches across. Thrives beautifully in sun or shade. Maturity height 10-12 feet. Price: 2-year, blooming size plants, 18-24 in., \$1.25 each; 3 for \$3.60. 2-3 ft., \$1.35 each; 3 for \$3.80, postpaid.

EUROPEAN CRANBERRY BUSH

(Viburnum Opulus)

1836—A very vigorous grower with clusters of pure white flowers in the spring. The leaves turn a beautiful hue of crimson in the fall and the fleshy red fruit persists way past fall because birds do not molest them. These berries make a different jam that would delight your friends. Price: 15-18 in., 90c each; 3 for \$2.55. 18-24 in., \$1.00 each; 3 for \$2.85.

FIRETHORN

(Pyracantha Sp.)

1848—There is no other evergreen fruiting shrub that is so attractive throughout the entire year. Trusses of white flowers in the spring are soon transformed into brilliant orange-scarlet berries that persist well into the winter. A marvelous plant for foundation planting where soil is dry. Price: 15-18 in., strong plants, \$2.25 each, postpaid.

FRAGRANT VIBURNUM

(Viburnum Burkwoodi)

1849—An improved shrub that will thrive in sunless places and smoggy towns. Waxy white, domed clusters bloom in early spring when the leaves are unfolding, and their gardenia-like fragrance will scent a large area. Grows about 6 feet high and only 4-5 feet in diameter. A real aristocrat for the small garden or border. Price: 15-18 in., strong plants, \$2.45 each, postpaid.

PERENNIALS ARE SHIPPED SEPARATE FROM ALL OTHER NURSERY STOCK BY PARCEL POST OR EXPRESS PREPAID

Viola Cornuta, Illona

VERONICA SPICATA

(Spike Speedwell)

3539—Violet-blue flowers in July and August. Grow in full sun or partial shade. Maturity height 18 in. **Price: 60c each; 3 for \$1.65, postpaid.**

VIOLA CORNUTA, ILLONA

3540—Large reddish purple flowers nearly all summer. Grows bushy and about 6-8 inches high. **Price: 60c each; 3 for \$1.65, postpaid.**

Veronica Spicata

GROW DAHLIAS

FINE EXHIBITION VARIETIES—ALL PRIZE WINNERS

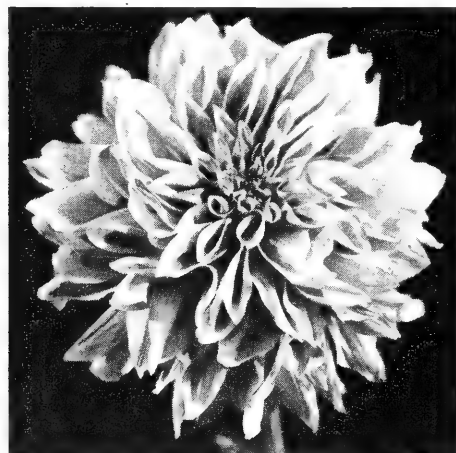

Easy-to-grow varieties with lovely colored massive flowers. Strong growers that multiply each year. **Price: Heavy tubers, 75c each; 3 for \$2.10; 6 for \$3.95, postpaid.**

5019—AVALON. Intense yellow, one of the largest, impressive form and size.

5020—GALLANT FOX. Very large blossoms of intense red. A sturdy grower and impressive prize winner.

5021—JERSEY'S BEAUTY. Leading commercial pink. Robust growing, producing blossoms of excellent keeping quality. Long a favorite and one of the finest.

5022—WHITE KING. Mammoth pure white blossoms on strong stems gracefully arranged. A reliable bloomer and prize winner.

Exhibition Dahlia

POMPON DAHLIAS

Blossoms of perfect shape and fine substance. You can cut flowers all summer from July until frost. Plant for a continuous supply of flowers. **Price: 65c each; 3 for \$1.85; 6 for \$3.50, postpaid.**

5023—BRONZE BEAUTY. Bronze and old gold. Very prolific.

5024—CARDINAL. Bright red and very free flowering.

5025—JOE FETTE. Medium white on a low bush. Exceedingly attractive.

5026—LITTLE HERMAN. A very fine red and white Pompon. Strong grower.

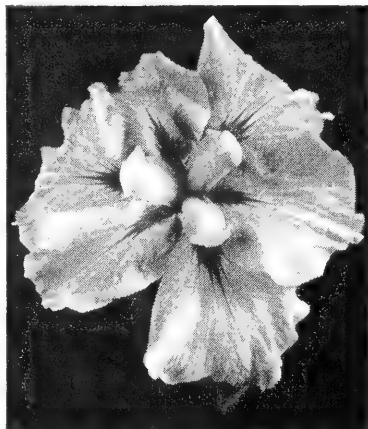

5027—MORNING MIST. Delightfully rosy lavender on white base. Most unusual.

5028—YELLOW GEM. Creamy yellow. Considered best of its color and class.

IRIS KAEMPFERI

(Rainbow Iris)

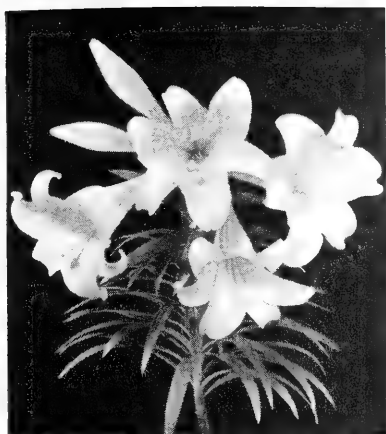

5018—Gorgeous colors blooming on stiff upright stems that steal the show in your garden. Imagine, blossoms as large as dinner plates in a range of colors from pearly pink, through pastel lavenders to the rich splendor of dark shades of blue. The foliage is attractive throughout the entire summer waving like slender green wands in fairyland. Grown from coast to coast in the finer gardens and will become one of your treasures. Extra choice rhizomes at exceptionally inexpensive prices. Assorted colors. **Price: 65c each; 3 for \$1.80; 6 for \$3.30, postpaid.**

Iris Kaempferi

HOW TO GROW JAPANESE IRIS

Cover the crown of lovely Japanese Iris with two inches of soil and plant in a sunny location with abundant moisture, especially in the spring and at the blooming period. Iris prefer an acid soil and will not tolerate lime. (You may acidify your soil with applications of Aluminum Sulphate—see page 62). The clumps may be divided every 3 to 5 years to increase your plantings. Protect in fall and winter with a mulch of straw or leaves to protect them from being heaved from the ground by frost. Not to grow these fine Iris will be to deprive yourself of one of nature's finest flowers.

PHILIPPINENSE LILY

5008—A magnificent variety with which to close out the Lily season. It starts blooming in late summer and continues right up to frost. The lovely white flowers are large, 7 to 8 inches long, and delightful in fragrance. Strong stems will reach a height of 4-6 ft. Price: Large size bulbs, 75c each; 3 for \$1.95; 6 for \$3.60, postpaid.

Maloney's

HARDY LILIES

Provide Garden Beauty and Elegance

Maloney's Lilies are favorites with all folks—experts, fanciers, hobbyists, and beginners alike. We offer only those Lilies of outstanding merit that have been distinguished in severe tests of competition and climate. Plant this spring for a lifetime of pleasure. Place in a well-drained spot that is preferably sunny and you will be rewarded with color and fragrance from June to September.

ORANGE TRIUMPH LILY

5006—A new Lily, hardy and thrives anywhere. Flowers are upright and large and of a glowing orange-tinted pink color. Blooms are in clusters on strong 2-3 ft. stems in July and August. Will bloom this summer. Price: Large size bulbs, 75c each; 3 for \$1.95; 6 for \$3.60, postpaid.

HARDY LILY Collection "Q"

MALONEY'S Dwarf Fruit Trees

DWARF APPLE TREES

These trees are not new with us. Several years ago we started growing them from Malling stock secured from N. Y. State Experiment Station. We offered them for sale, the first of their kind sold in the United States. They are without question the "perfect" trees for the lawn or garden. Plant them so that the BUD UNION IS AT LEAST TWO INCHES ABOVE THE GROUND. Maturity height 12-15 ft. Plant 15 ft. apart.

FULL DWARF (Malling IX Root Stock). Bears fruit usually first year set. Height at maturity approximately 6 feet. Very popular for lawn and orchard. Plant 10-12 feet apart.

SEMI-DWARF (Malling I Root Stock). Sturdier tree than No. IX. Bears second year after planting. Approximately 10-12 feet at maturity. Plant 15 feet apart.

Price: 2-yr., large, 4-5 ft., \$3.25 each; 3 for \$9.00; 6 for \$16.50. 2-yr., 3-4 ft., \$2.75 each; 3 for \$7.50; 6 for \$13.50.

We can furnish the following varieties:

- 8000 CORTLAND
- 8001 DOUBLE RED DELICIOUS
- 8010 EARLY McINTOSH
- 8002 RED ASTRACHAN
- 8003 RED NORTHERN SPY. (Semi-dwarf only.)
- 8004 ROGERS McINTOSH
- 8005 RED ROME. (Semi-dwarf only.)
- 8006 YELLOW DELICIOUS
- 8007 YELLOW TRANSPARENT

(For descriptions see standard varieties, pages 51 and 52.)

See Page 42
"How You Can Grow Espaliers"

DWARF PEACH TREES

These have been added to our regular line of dwarf trees. Same characteristics as other dwarfs. A valuable addition to your garden. Height at maturity 6-8 ft. Plant 12 feet apart.

Price: 2-yr. large, 2½-4 ft., \$3.25 each; 3 for \$9.00; 6 for \$16.50.

We can furnish the following varieties:

- 8050 ELBERTA
- 8051 GOLDEN JUBILEE

(For descriptions see standard varieties, pages 55 and 56.)

FREE GIFTS

See page 10

You Can Rely on Maloney's

[41]

DWARF PEAR TREES

Dwarf Pear trees are also a very valuable addition to any lawn or garden. Like the Apple, it is a low growing tree. Fruit is easily accessible from the ground and the fruit is large standard size. Approximately 15 ft. at maturity. Plant 12 feet apart.

Price: 2-yr. large, 2½-4 ft., \$3.25 each; 3 for \$9.00; 6 for \$16.50.

We can furnish the following varieties:

- 8076 BARTLETT
- 8077 CLAPP'S FAVORITE
- 8078 DUCHESS
- 8079 SECKEL

(For descriptions see standard varieties, page 61.)

ENGLISH IVY

(Hedera Helix)

2410—Foliage dark glossy green. Evergreen. Clings to stone walls. Price: \$1.25 each; 3 for \$3.45, postpaid.

HALL'S HONEYSUCKLE

(Lonicera Japonica Halliana)

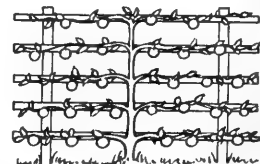

2415—Strong growing vine, ideal for fence, trellis, pillar, etc., and particularly good for covering banks. Fragrant yellow and white flowers. Plant 3 ft. apart. Price: \$1.00 each; 3 for \$2.70; 10 for \$7.95, postpaid.

VINCA MINOR

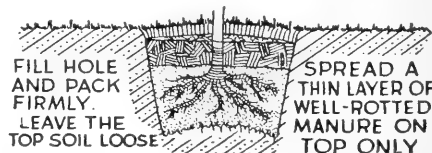

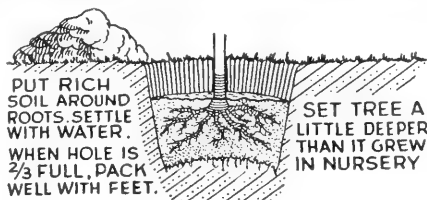

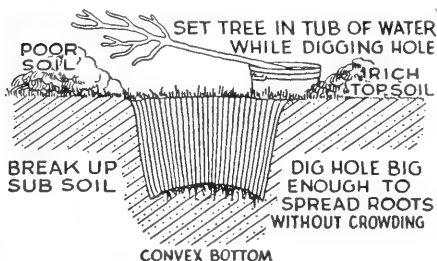

2418—A most suitable ground cover for edgings of shrubbery borders or to carpet the ground beneath the shade of trees. A vigorous grower adaptable to any soil. Plant either spring or fall 1 ft. apart. Price: Strong rooted clumps, 10 for \$3.50; 25 for \$8.25; 50 for \$15.00, postpaid.

Now You Can Form Your Own ESPALIERS

Maloney's will send, on request, free information how you can train the dwarf trees into expensive espalier forms. It only requires a little time and patience to create an unusual effect and have abundant fruit.

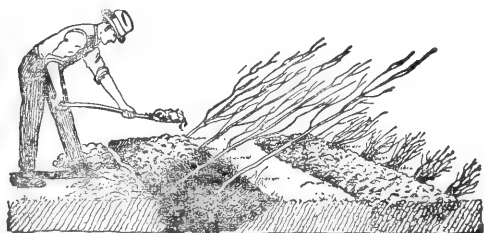

Know How to Plant and Prune READ CAREFULLY

Care of Stock Upon Arrival

Immediately upon arrival of stock it is good policy to soak it thoroughly, store in a dark place and **KEEP IT WET** until planted.

If a delay of more than two days is necessary before you are ready to plant stock, dig a trench and heel the stock in, in a shaded location. Keep plants watered until permanently set out. **Immediate planting is always best.**

NOTE—Always keep the roots covered. Dig hole large enough to receive plant without bending roots. Break up subsoil when it is very hard.

Proper Spacing for Fruits

Variety	Age of Bearing	Distance Apart	No. per acre
Apples, Standard	3-6 yrs.	35x35 ft.	35
Apples, Dwarf	2 yrs.	10x10 ft.	435

Strawberries (Field)	1 yr.	4x 1 ft.	10,890
(Garden)	1 yr.	2x 1 ft.	21,780

BLUEBERRY PLANTS

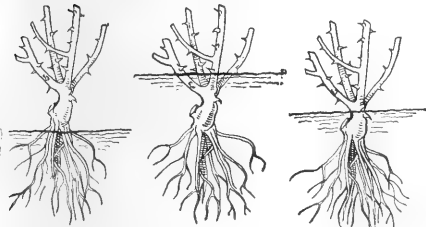

Blueberries will grow in any good garden soil. A well-drained sandy loam, acid soil is best. Muck soil may be used if it is acid and properly drained. Good air circulation is important. Common sulphur and peat moss will make soil acid.

Set the plants 4 by 10 feet apart. Cultivate once a week. Do not fertilize until plants have been set a year or more. Use Ra-Pid-Gro fertilizer or any reliable fertilizer, following directions.

Prune plants when dormant in early spring, starting the fourth year. Remove one or two old canes each year, and lightly thin out the tops in remaining old canes. Thinning increases size of fruit. Plants in garden may be watered once a week during dry weather.

ROSES

Planting. Roses are heavy feeders and require a rich loam to produce their best. In preparing the bed, dig up the ground to a depth of 18-24 inches and replace about one-third of the bulk of the soil with well-rotted cow manure or other forms of organic matter. If the remainder of the soil is poor, replacing it with a good quality top soil would prove to be highly beneficial.

Too Shallow Too Deep Just Right

Dig a hole in the bed large enough to receive all the roots without crowding, and set the plant as shown in the illustration. Then follow same procedure as advised for shrubs. Roses should be planted 12-15 inches apart according to their size.

Pruning. Roses planted in the fall should be cut back about one-half their length. When planted in the spring, just two or three stems with four or five buds on each, should be left.

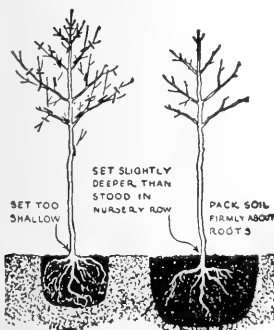

Winter Protection. Hybrid Tea and Tea Roses should be protected in the winter by hilling up the earth around the stem in the fall. To protect against heaving, which results from alternate freezing and thawing, cover the mound with leaves and evergreen boughs when the ground is frozen.

Pruning Instructions for FRUIT TREES

All roots and tops should be pruned before planting. When properly pruned, tree should not have more than 3 or 4 branches. Illustration shows the correct way of pruning both roots and tops.

Fruit trees planted in the fall need not have the tops permanently trimmed until the following spring, after danger of hard freezing is past and before the buds start.

Please Order by Catalog Number and Variety

Information!

HEDGES

The accompanying illustration gives practical details which are self-explanatory. Set hedge trifle lower than they were in nursery to get a dense hedge at bottom. Dig one side of trench straight and in line, place plants against this side to get a straight hedge.

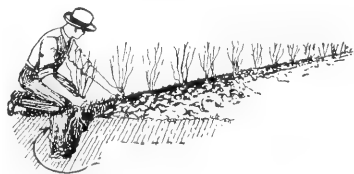

Privet and Barberry hedge should be trimmed back to within five inches of the ground immediately after planting.

SPACING HEDGES

Privet and similar upright varieties—6 to 12 inches apart.

Barberry and other medium tall bushy shrubs—1 to 2 feet apart.

Tall shrubs for high hedges—2 to 4 feet apart.

WATER . . . The Life Saver

Newly planted stock needs constant watering during the first few weeks. The stock should be watered once a day unless, of course, you happen to plant during a rainy period. All stock should be watered well when first put in. It is not necessary to have a mud hole, as this would be too much, but the soil should be moist.

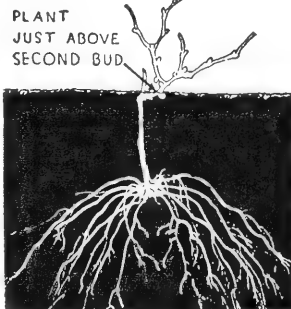

TOO DEEP TOO SHALLOW JUST RIGHT

STRAWBERRIES

Have ground thoroughly pulverized. Plant with a spade 1 ft. apart in the row and 4 ft. apart between the rows. Push spade into ground to full depth. Press it to one side, insert roots and spread them out fan shape and hanging down to their full length. Set plant with crown at surface of earth. **DO NOT GET CROWN COVERED WITH EARTH.** Remove spade and press earth against roots by placing foot on either side of plant. Pull some loose soil around plant. Remove all bruised or dry leaves.

95% of gardening failures result from improper planting. Maloney's send you FREE a complete booklet on planting and pruning with each order. Order early. We ship at proper planting time.

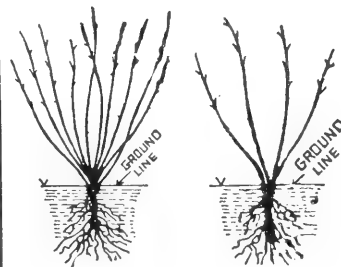

GRAPES

Work the soil thoroughly before planting. Grapes, and dig the hole broad and deep (several inches deeper than enough to receive the roots). Fill it up to the right depth with rich soil, and firm the earth well about the roots, as the hole is back-filled.

Pruning. The fruit of the Grape is produced on the current year's growth of canes. These canes should be pruned each winter so that only one of the buds remain on each stub. The young plant is trained to one shoot until it reaches the top of the trellis, to which it is tied. Two canes are allowed to grow from the top the second year, forming a framework for the succeeding growth. Remove all growth that starts on the main trunk as soon as it appears.

The third year the cross-arms are pruned back to six or eight buds. These produce the bearing shoots.

PRUNING SHRUBS

Pruning. When planted, shrubs should be pruned back one-third. In later years they should be pruned to prevent them from growing out of bounds. The overcrowded and dead branches should be removed then.

TOPS FOR FREEZING

RED RICH

The Sensational New Everbearer

**Large Size, Rich Red Color
Productive, Finest Flavor**

2701—You just pick and pick and pick these luscious berries from June right through 'til frost. Folks who say an everbearer isn't sweet should taste Red Rich. They're chock-full of real honey-sweet goodness. They're deep red through the core. Solid and firm. Tops for freezing, too! A leading midwestern university reports Red Rich the best of 29 varieties tried. The plants are so tall and full that you can use them as beautiful garden border or edge in front of evergreens—many places.

S1 University Tested Strawberries

**FREEZER
COLLECTION**

Chosen for their Superior FREEZING QUALITIES

More and more home gardeners are asking for strawberry varieties that are recommended for their high freezing qualities. This collection was especially chosen for this purpose. Each of these varieties rated high in University freezing tests. If you're looking for good freezers—be sure to order this collection now!

**50 JUMBO
25 BELLMAR
25 PAYMASTER**

Collection of 100 Plants

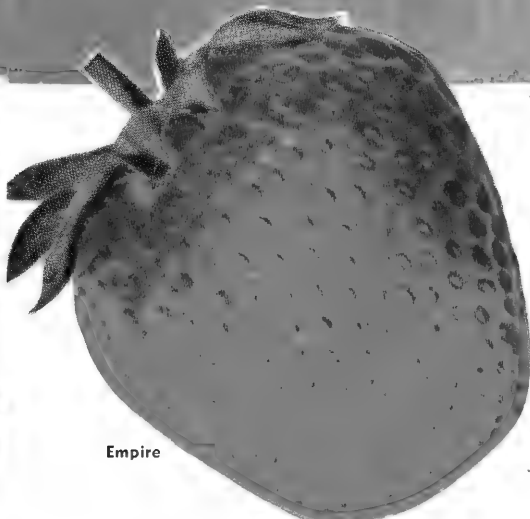

\$5.95

Postpaid

2704—(Midseason.) Our choice for the All-American June bearing. Jumbo has everything the home gardener and commercial grower demand in an all-purpose Strawberry. It is deep red all the way through and chock-full of real honey-sweet goodness. Berries are firm and solid for shipping and handling. In actual freezing tests Jumbo rated superior and records prove that it is one of the heaviest yielding Strawberries known. Chances are—Jumbo will soon be your favorite. Price: 25 for \$2.55; 50 for \$4.50; 100 for \$6.95; 250 for \$14.30; 500 for \$22.50; 1000 for \$36.00; postpaid.

2705—(Early Midseason.) Looking for the best freezing June berry of them all? This is it—BELLMAR. The berry that stood head and shoulders above others in University freezing tests. It's a dark red berry, long conical in shape. A good producer with a fine sweet flavor. Price: 25 for \$2.40; 50 for \$3.45; 100 for \$6.40; 250 for \$14.00; 500 for \$22.00, postpaid.

2706—(Midseason.) Sparkling, radiant red. A real beauty of a berry... beauty that is more than skin deep because Paymaster is red clear through. It's one of the new varieties that rates high in University freezing tests and at the same time boasts a firmness that makes it ideal for handling. The berries are large and it's a high yielder. Resistant to red stele. Price: 25 for \$2.40; 50 for \$3.45; 100 for \$6.40; 250 for \$14.00; 500 for \$22.00, postpaid.

Empire

EMPIRE

2707—(Late Midseason.) From the New York State Agricultural Experiment Station, this new June bearer answers the demand for a fancy, good keeping Strawberry. Its glossy red color and large size make it one of the most attractive of berries. Vigorous grower, high quality and good shipper. Ripens about one week after Premier. Price: 25 for \$1.35; 50 for \$2.25; 100 for \$3.40; 250 for \$6.95; 500 for \$10.95; 1000 for \$18.00, postpaid.

PREMIER

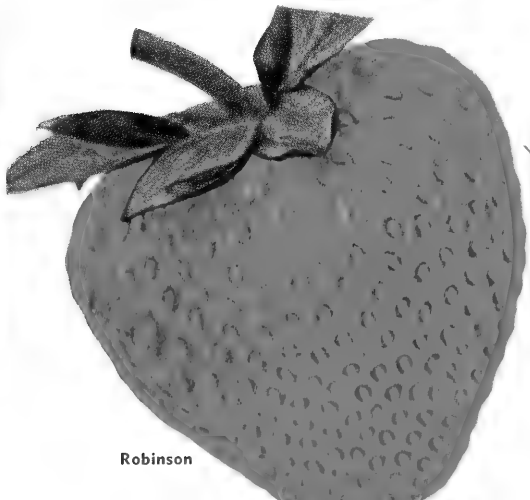

2711—(Early.) Perfectly flavored. It is smooth and large, its color is the commanding glossy red which sells on sight. Price: 25 for \$1.35; 50 for \$2.25; 100 for \$3.40; 250 for \$6.95; 500 for \$10.95; 1000 for \$18.00, postpaid.

VERMILION

2709—(Early Midseason.) Vermilion has undergone continuous and extensive testing at the University of Illinois and Experiment Stations throughout the United States. It is at the top of the list in quality and attractiveness. Berries are medium large and a glossy bright red. Resistant to red stele and leaf spotting diseases. Price: 25 for \$1.35; 50 for \$2.25; 100 for \$3.40; 250 for \$6.95; 500 for \$10.95; 1000 for \$18.00, postpaid.

ROBINSON

2712—(Midseason.) A very large berry that is honey sweet. Color is decidedly a cardinal red and has a firm skin to withstand bruising. An outstanding variety of enormous size, good quality and good form. Excellent plant maker on any soil. Price: 25 for \$1.35; 50 for \$2.25; 100 for \$3.40; 250 for \$6.95; 500 for \$10.95; 1000 for \$18.00, postpaid.

Robinson

ARMORE

2708—(Late Midseason.) BIG is the word for Armore. BIG producer. BIG berries. BIG harvests when the other June bearers are through. It proved more productive than over 200 other varieties. Hard to beat for flavor and sugar sweetness. Already a big favorite with commercial growers. Price: 25 for \$1.35; 50 for \$2.25; 100 for \$3.40; 250 for \$6.95; 500 for \$10.95; 1000 for \$18.00, postpaid.

BRITISH SOVEREIGN

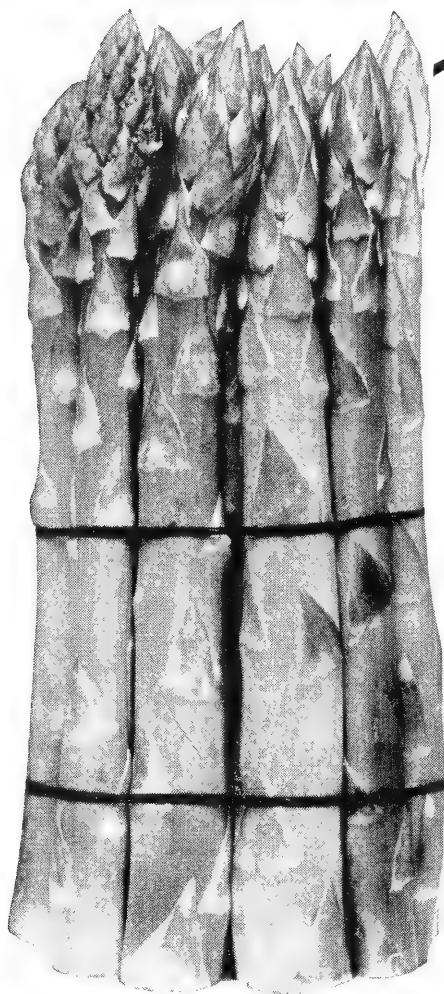

2710—(Late.) Especially recommended for the home gardener who wants a late berry of wonderful flavor. The berries are large and deep red with a high sugar content. You'll enjoy luscious Strawberries longer when you plant British Sovereign and you'll remark about its delightful flavor. Price: 25 for \$2.20; 50 for \$3.20; 100 for \$5.95; 250 for \$12.75; 500 for \$19.95, postpaid.

PYRAMIDAL STRAWBERRY GARDEN FOR LIMITED SPACE

2714—Everbearing Strawberry Plants Will Bear July Until Frost

Abundant, continuous full season production made possible with fertilizer applied and ample moisture supplied the Pyramid Garden Way. Pyramid Garden is 4½ ft. diameter and holds 25 plants. One-third as much space required for Pyramid Gardening as in conventional gardening. Also used for perennials, small Roses and flowers of all kinds. Price: Pyramid Garden complete with 25 Superfection Strawberry plants, \$9.95, postpaid (soil and fertilizer not included).

Simple instructions with each bed. Easy to water. Pour water with bucket into center collar or use garden hose. Water travels through sand to all roots of plants. Additional soluble fertilizer can be added to water.

Grow More Berries in One-Third the Space.

You Get a Surprising Lot of Red Strawberries from This Compact Garden

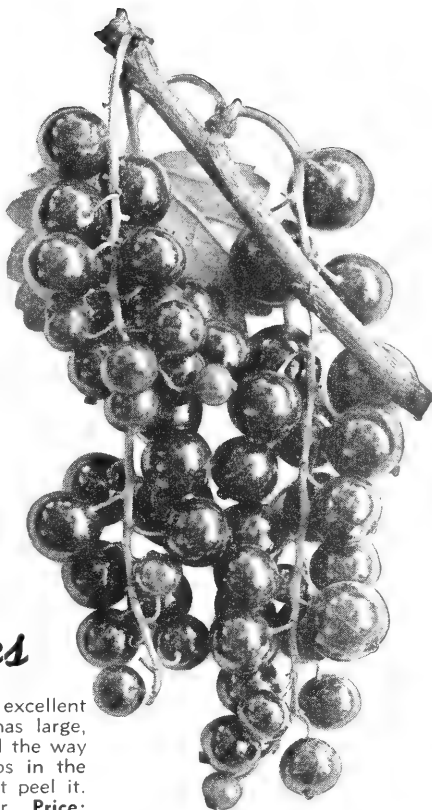

CURRENTS

Wonderful for Jells and Jams

2-yr., No. 1, postpaid,
1-9, 70c each; 10-49, 55c
each.

2302—**WILDER.** Upright,
vigorous; clusters above
medium length; berries
large to very large; bright
red with mild sub-acid
flavor. Ripens early and
remains bright and firm
until very late. Early July.

2303—**RED LAKE.** Finest
of all red Currants. The
berry is usually large in
size and of superior qual-
ity, clear light red. It rip-
ens early midseason, but
holds on over a long peri-
od. Early July.

RHUBARB for Pies and Preserves

2304—**MacDONALD.** The new all red, tender
Rhubarb from MacDonald College in Quebec.
Its large sized, early fruit is easily adaptable for
pies, desserts, and preserves in combination with
other fruits. **Price: 75c each; 3 for \$2.00; 10
for \$6.00, postpaid.**

2305—**CANADA RED RHUBARB.** This excellent
variety, the reddest of all Rhubarb, has large,
tender, juicy stalks that are rich red all the way
to the heart and even to the mid-ribs in the
leaves. Skin is so tender you need not peel it.
Plant now and have Rhubarb this year. **Price:
2-yr. select roots, 75c each; 3 for \$2.00, post-
paid.**

Our 71st Year

Now You Can Grow Mushrooms at Home!

Easy to grow in your basement or storage cellar.

No odor at all. No smelly fertilizer needed.

You know they are safe. Specially processed, pasteurized com-
post. You can be sure that nothing except fine edible mushrooms
will grow in these trays. **It's easy** with these Maloney "Magic"
Mushroom Trays. These handy trays are pre-planted mushroom
beds set in portable wooden flats, all ready to grow. Just put the
mushroom trays in your storage cellar or basement—and **water
them.** Watch for tasty mushrooms in 2 to 3 weeks. You'll continue
to have delicious mushrooms for 2 to 4 months. Ready to pick and
use whenever you want them.

NO SHIPMENTS MADE AFTER APRIL 15th

Orders for Maloney "Magic" Mushroom Trays are filled start-
ing October 15th and continuing until April 15th. Mushrooms do
not produce well when shipped or grown in warm weather. **Men
with years of experience** grow mushrooms this way for wholesale
markets. Now you can grow them in your own home. Four "Magic"

Trays frequently yield a bushel or more of mushrooms. Fine, tender,
delicious. **Mushrooms grow best in temperatures ranging between
52 and 65 degrees.** Complete instructions for growing mushrooms
sent with every order.

**Prices: shipped to you by express (not prepaid) from our grow-
er in Ohio:**

3 "Magic" Trays	\$4.65	} Not Postpaid
6 "Magic" Trays	7.80	

Each tray measures 14x17 inches in size. The shipping weight
is 25 pounds per tray.

Save your money by buying as many Maloney "Magic" Mush-
room Trays as possible. You can divide the trays with your neigh-
bors. Combine your order with your friends. You will pay less per
tray and express charges per tray will also be much less in larger
quantities.

STRONG ROOTED SPECIMENS

Caco

← CACO

1505—Red. Large berries of highest quality. Flavor is sweet and delightful. One of the best for home use. Mid-September.

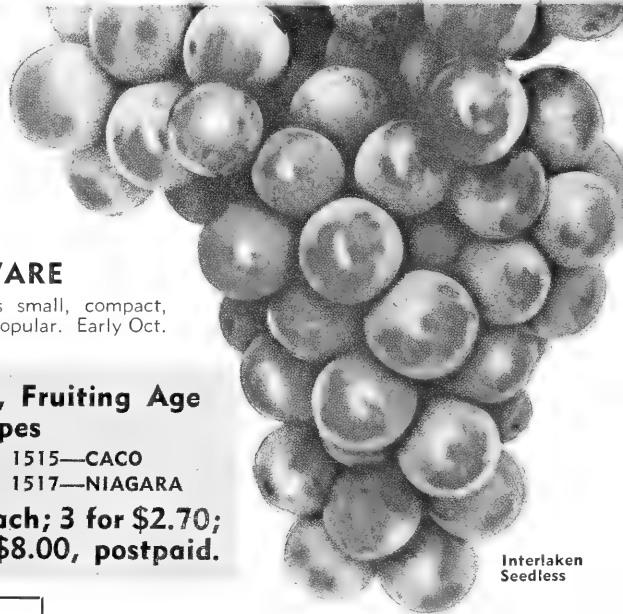

DELAWARE

1507—Red. Bunches small, compact, delicious. Extremely popular. Early Oct.

3-YEAR, Large, Fruiting Age Grapes

1514—CONCORD 1515—CACO
1516—FREDONIA 1517—NIAGARA

**PRICE: \$1.00 each; 3 for \$2.70;
10 for \$8.00, postpaid.**

Interlaken Seedless

STEUBEN

1501—A new creation of the New York State Experiment Station. Huge, perfectly formed, long, slender clusters of blue grapes are produced on extremely hardy vines. The fruit is of outstanding quality, is tender and sweet and has a delicate perfume-like flavor. Ripens a few days before Concord but keeps well until Christmas. No spraying necessary, it has been found to be free from rot and mildew. **Price: \$1.75 each; 2 for \$3.25, postpaid.**

The Sweet New

INTERLAKEN SEEDLESS

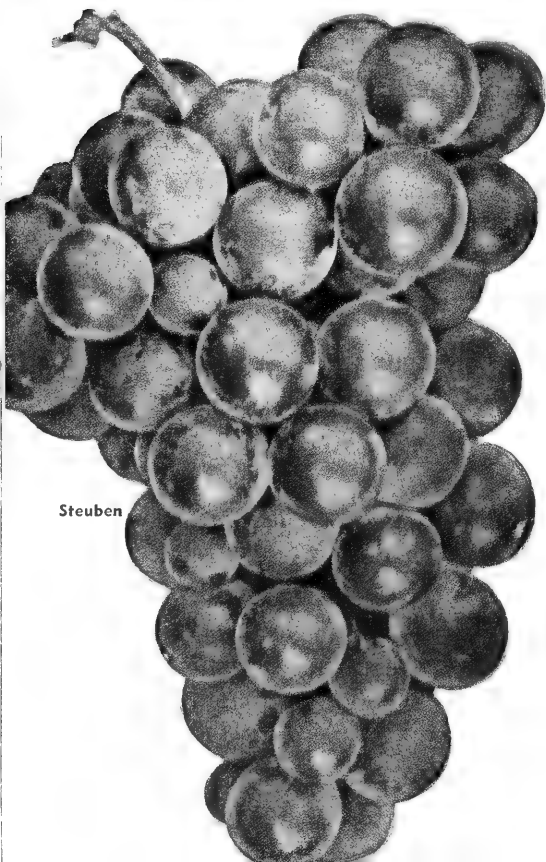

1504—A delicious new seedless Grape developed by the N. Y. State Experiment Station (California Thompson Seedless crossed with Ontario). Rich golden yellow in color. The solid, sweet, crisp flesh adheres to the skin (like California Grapes). Clusters and berries are medium in size; the quality is beyond description. Vigorous, free from disease, hardy to 15 below zero, and ripens a full month ahead of Concord. **Price: \$1.75 each; 2 for \$3.25, postpaid.**

Maloney's Luscious GRAPES for Juice, Jelly and Jams

PRICES (except as noted): 2-yr., No. 1, strong vines, postpaid, 75c each; 3 for \$1.95; 10 for \$5.50. Not postpaid, 25 for \$11.25; 50 for \$17.50.

- 1502—CONCORD. Best commercial Grape. Bunch and berry large, juicy and sweet. Productive, excellent for Grape juice. Late September. **Price: 2-yr., No. 1, strong vines, 75c each; 3 for \$1.95; 10 for \$5.50. Not postpaid, 25 for \$11.25; 50 for \$17.50.**
- 1503—CONCORD SEEDLESS. Same color, flavor and season as Concord but HAS NO SEEDS. Wonderful for desserts and pies. Late September. **Price: 2-yr., No. 1, strong vines, \$1.00 each; 3 for \$2.70, postpaid.**
- 1508—FREDONIA. New. The leading early black Grape. Plant is a strong, healthy grower; good clusters; berries large and juicy. Early September.
- 1509—NIAGARA. White. Occupies same position among white varieties as Concord among black; bunch and berries large, greenish white, changing to pale yellow when fully ripe. Late September.
- 1510—GOLDEN MUSCAT. Possesses a rich golden color and the fine Muscat aroma of European Muscat. Vine is vigorous, productive. The clusters are very large. The berries are large, oval, juicy, tender, sweet. Early October. **Price: \$1.00 each; 3 for \$2.70, postpaid.**
- 1511—SENECA. New. White. Outstanding. One of the best varieties for dessert. Berries large, flavor sweet and aromatic. Early September. **Price: \$1.00 each; 3 for \$2.70, postpaid.**
- 1512—BRONX SEEDLESS. Red. The best new red seedless Grape available, with large, very long clusters. Berries are large, firm, crisp and entirely seedless, of excellent quality. Productive and vigorous, ripening the latter part of September. **Price: \$1.25 each; 3 for \$3.25, postpaid.**

RASPBERRY BUSHES

SODUS

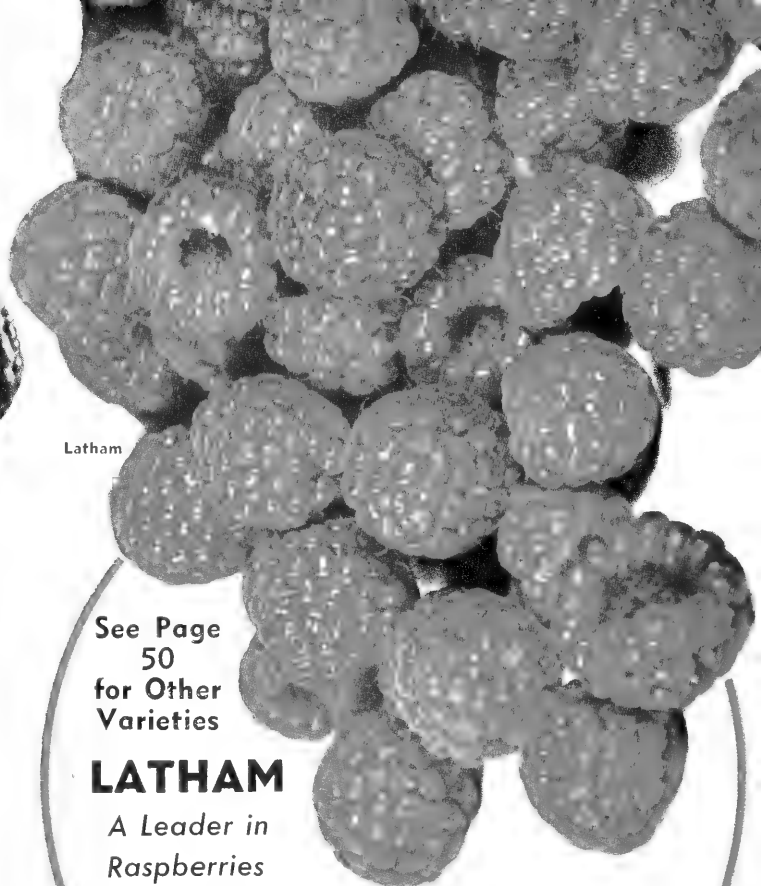

1602—Purple. Berries very large, firm, sprightly and good flavor. Plants very vigorous, productive and hardy. Much more resistant to drought than Columbian. Valuable market variety. Mid-July. Price: Postpaid, 10 for \$2.75; 25 for \$4.95; 50 for \$8.50; 100 for \$14.95. Not postpaid, 250 for \$30.00; 500 for \$48.85; 1000 for \$85.00.

Prices of all varieties (except as noted): 1-yr., No. 1, select plants, postpaid, 10 for \$2.75; 25 for \$4.95; 50 for \$8.50; 100 for \$14.95. Not postpaid, 250 for \$30.00; 500 for \$48.85; 1000 for \$85.00.

1605—NEWBURGH. Attractive bright red. Fruit very large, firm and does not crumble. Plants vigorous, hardy and practically mosaic free. A splendid home and market variety. Early July.

1606—TAYLOR. New Red Raspberry from New York Experiment Station. Long, conical shape; firm, thick flesh, flavor excellent. Larger than Latham and one of the heaviest bearers we have ever seen. Very early July.

1607—INDIAN SUMMER—The wonderful Everbearing Red Raspberry. Crop twice a year. Thanks to the New York Experiment Station, here's a berry that is forging ahead in leadership. Season early July through to mid-October. Berries large, roundish, conic, slightly irregular, good in quality, have very small seeds. Heavy yielder. Escapes mosaic. Price: Postpaid, 10 for \$2.75; 25 for \$4.95; 50 for \$8.50; 100 for \$14.95. Not postpaid, 250 for \$30.95; 500 for \$49.95; 1000 for \$95.00.

Morrison**

SEPTEMBER (New)

1603—The new red everbearing Raspberry introduced by the New York State Experiment Station. It ripens at least 2 to 4 weeks earlier than Indian Summer. The berries are of medium size, bright red, good quality. The plants are vigorous. Excellent for freezing. Escapes mosaic. Price: Postpaid, 12 for \$3.95; 25 for \$7.75; 50 for \$14.95; 100 for \$26.75. Not postpaid, 250 for \$57.50; 500 for \$95.00.

1608—CUMBERLAND. Black. Berries large, firm, glossy and unsurpassed in quality. Early July. Same price as New Morrison.

1609—NEW MORRISON. New Black Raspberry. It ripens a little later than Cumberland. The color is an intense, glossy black, so attractive that these huge berries sell on sight. The fruit has almost no seeds, firm texture, yet juicy. In short, this is the most promising new Black Raspberry. Price: Postpaid, 10 for \$2.75; 25 for \$4.95; 50 for \$8.50; 100 for \$14.95. Not postpaid, 250 for \$30.00; 500 for \$48.85; 1000 for \$85.00.

SUMMER VARIETIES

- 2—**EARLY McINTOSH.** For home orchard or commercial use, this is the ideal variety to plant. Tree vigorous grower. It is a bi-annual bearer unless fruit is thinned shortly after it is set. Fruit same size, quality and flavor as McIntosh Red. Late August.
- 4—**RED ASTRACHAN.** A good bearer, fruit handsome, large, round, covered with deep crimson. Flesh juicy and tender. Good summer Apple. Early August.
- 5—**YELLOW TRANSPARENT.** Fruit good size, white to pale yellow in color; flavor very good. An excellent cooking Apple. Early August.

AUTUMN VARIETIES

- 6—**POUND SWEET** (Pumpkin Sweet.) Large yellow, russet Apple. Very sweet. Late September.
- 7—**RED GRAVENSTEIN.** A new red sport. Differs from the old Gravenstein only in the solid dark red color of the fruit. Early September.

Yellow
Transparent

Cortland

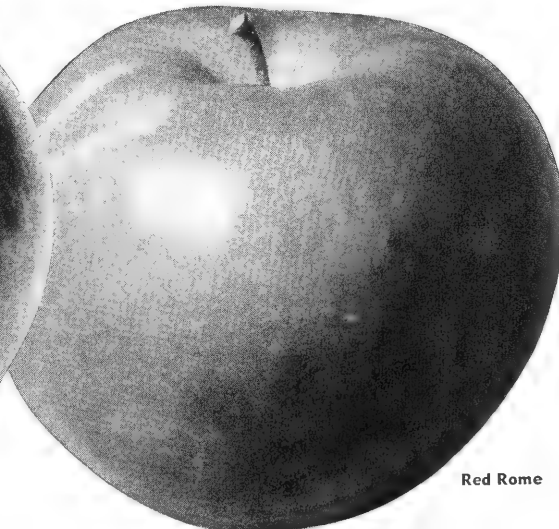

- 22—**WEALTHY.** Red, flesh white, sub-acid. October-January.
- 23—**NEW MONROE.** See illustration page 52.
- 24—**CORTLAND.** Beautiful red Apple, larger than McIntosh. Matures a month later. Excellent quality. Keeps late in winter and can be handled and shipped like the hardiest market varieties. Fine for culinary purposes. November-April.
- 25—**RED ROME.** Rapidly becoming a leading commercial variety, having the same shape and texture with equal or better quality than Rome Beauty. December-March.
- 26—**YELLOW DELICIOUS.** See illustration page 52.
- 27—**ROGERS McINTOSH.** See illustration page 52.

All salable Apple varieties propagated and now growing at Maloney Brothers Nursery Company, Dansville, New York, have been examined by the Massachusetts Trueness-to-Name Inspection Service. To the best of our knowledge, these trees are true to name as they now stand in the nursery row.

Massachusetts Trueness-to-Name Inspection Service.

WINTER VARIETIES

- 8—**NEW IMPROVED GALBRAITH BALDWIN.** Very attractive. The Apples same as regular Baldwin except in color. It is an over-all red which may vary from dark to bright.
- 10—**DOUBLE RED DELICIOUS.** See illustration page 52.
- 11—**GALLIA BEAUTY.** Solid red, high quality. December-May.
- 12—**JONATHAN DARK RED.** For eating fresh, dried, cooked, baked. Skin is rich red all over, long before ripe. A quick seller. Keeps all winter in storage. Jonathan trees bear young and always produce a full and profitable crop. Preferred long-distance shipper. Better quality than common Jonathan. November-March.
- 14—**MACOUN.** Dark red; white-fleshed; rich flavor. October-March.
- 15—**MILTON.** McIntosh-like but ripens a month before McIntosh. Fruits pinkish red with heavy bloom; flesh white, tender, crisp, juicy and of McIntosh flavor and aroma. September-October.
- 16—**NORTHERN SPY.** Hardy, large red striped. 'Flesh juicy, crisp, tender. Tree healthy, strong grower. December-March.
- 17—**RED NORTHERN SPY.** See illustration page 52.
- 18—**R. I. GREENING.** Fruit large and handsome, smooth, dark green overspread with yellow. More highly prized for cooking than any other Apple. Excellent keeper; tree very heavy yielder. December-May.
- 19—**ROME BEAUTY.** Large, round, red striped. December-March.
- 20—**STAYMAN RED.** Solid red without stripes. Does not crack at stem; crisp and juicy. Will not scald in storage. December-April.
- 21—**TWENTY OUNCE.** Very large, yellow striped red, fine quality, good keeper. October-January.

Red Rome

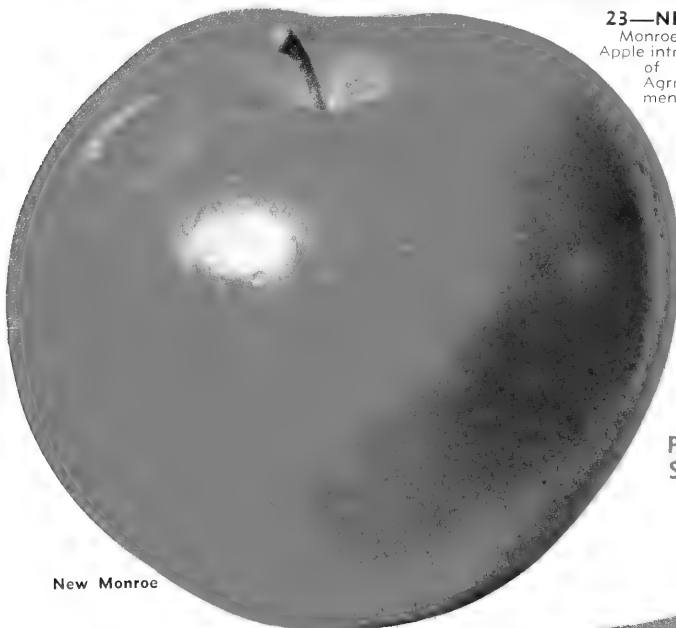

CRAB APPLES

Big Croppers for Fine Jelly

- 30—**DOLGO CRAB.** Handsome red Crab Apple. Fruit jellies easily. Early September.
- 31—**HYSLOP CRAB.** Fruit large, deep crimson. Desirable for home use and market. Late September.

ADDITIONAL VARIETIES
SEE PAGE 52.

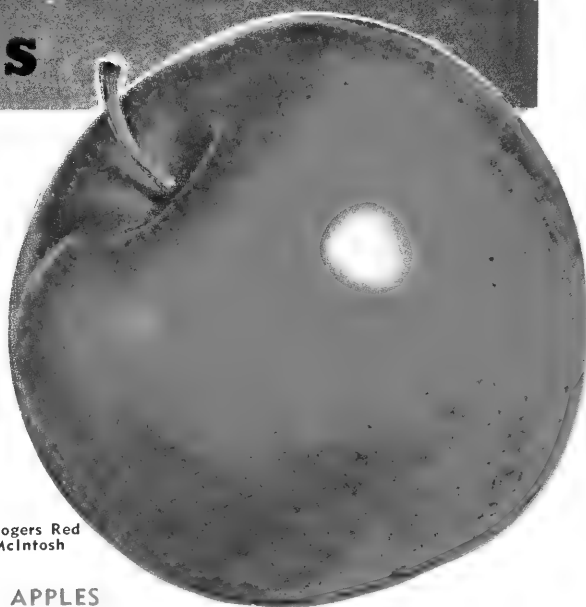

Maloney's Apples

New Monroe

23—NEW MONROE

Monroe is the newest Apple introduction (1950) of the New York Agricultural Experiment Station, Geneva, N.Y. It resulted from a cross between Jonathan and Rome Beauty. It is a late-keeping, high quality Apple. Monroe should be comparable to Rome Beauty in production. 2-yr., 4-6 ft., \$2.50 ea.; 3 for \$6.50; 10 for \$19.95.

1-yr., 3-5 ft. tall	1.90	1.75	1.55	1.40

1203—BLACK TARTARIAN. See page 53.

1202—WINDSOR. See page 53.

1204—NAPOLEON. See page 53.

1205—GIANT. New. Large, black, keeps well. Mid-July.

1206—EMPEROR FRANCIS. One of the newer Cherries of Napoleon type but better in quality. Fruits are similar but become redder and darker. Early July.

1207—BING. Fruit very large, black, highest quality. Early July.

1208—HEDELFINGEN. A vigorous tree bearing fruit black in color, of high quality and firm flesh. It is a late bearer, fruit ripens just ahead of Windsor. The fruit is more resistant to cracking than most other black Sweet Cherries. Add 15c to other variety prices.

1209—LAMBERT. Large, dark purple. Firm, rich and juicy. Produces a large crop each year. Late July.

1210—SCHMIDT'S BIGARREAU. The fruit is of very large size, of deep mahogany color. Flesh dark, tender, very juicy, with a fine rich flavor. One of the best for sauce. Mid-July.

1211—SWEET SEPTEMBER. The fruits are an attractive medium dark red, similar to the Windsor, deliciously sweet; excellent for eating fresh or canning. Ripens about September 1st. Hangs on tree about 3 weeks after ripening. Price: 2-yr., 5-6 ft., \$3.00 each; 5 for \$14.25. 2-yr., 4-5 ft., \$2.50 each; 5 for \$11.75.

**FREE
GIFTS
SEE
PAGE 10**

These trees show the sturdiness of Maloney trees. Notice the fibrous root system and straight, strong trunks.

- All Sweet Cherries are self-unfruitful, that is they will not set fruit with their own pollen but have to be pollinated by another Sweet Cherry variety. The exceptions are Bing, Emperor Francis, Lambert and Napoleon. These will not cross pollinate each other but require another pollinator such as the variety Giant.

The dates after varieties indicate keeping season of the fruit.

- ✓ 602—**BELLE OF GEORGIA**. Large, white, red cheek. Matures midseason. Freestone.
- ✓ 603—**CARMAN**. Creamy white, deep blush. Flesh tender and juicy. Best white Peach. Freestone.
- ✓ 604—**CRAWFORD EARLY**. This vigorous and productive variety has deep yellow flesh with red at the pit, fine flavor. Matures midseason. Freestone.
- ✓ 605—**CUMBERLAND**. A new variety introduced by the New Jersey Experiment Station. Tree is a vigorous grower and very hardy. Fruit red, flesh white. Mid-July. Freestone.
- ✓ 606—**EARLY ELBERTA**. Large yellow, good quality, similar to Elberta. Valuable because it ripens about 10 days earlier. Freestone. Early September.
- ✓ 622—**ELBERTA**. See illustration page 56.
- ✓ 624—**GOLDEN JUBILEE**. See illustration page 56.
- ✓ 623—**HALE-HAVEN**. See illustration page 56.
- ✓ 607—**J. H. HALE**. Always popular. Makes a fine back-yard variety. Large, yellow overlaid with carmine. Flesh yellow, fine grained. Late August. Freestone.

- ✓ 608—**JERSEYLAND**. Very early, ripening about five weeks before Elberta. Fruits medium size, round; skin solid red; flesh yellow, usually free when ripe; firm.
- ✓ 621—**PACEMAKER**. See illustration page 56.
- ✓ 609—**ROCHESTER**. Good sized yellow. Mid-July. Excellent for roadside stands for it cans well. Freestone.
- ✓ 610—**SOUTH HAVEN**. This variety is increasing in popularity. Golden yellow with red blush, juicy and deliciously sweet. Late September. Freestone.
- ✓ 611—**VALIANT**. Seedling of Elberta, rapidly increasing in popularity. Golden yellow with red blush, juicy and deliciously sweet. Late September. Freestone.
- ✓ 612—**VEDETTE**. Ripens a few days before Valiant. It was obtained from an Elberta seed. The tree is productive and the fruit is large, roundish, oval, yellow fleshed. Some classify it as superior to its parent, not only in quality but color as well. August. Freestone.

Hale-
Haven

622 ELBERTA

Best commercial money-making variety. Fifty per cent of all Peaches planted are Elberta. It has proven its ability to adapt itself to varied climatic and soil conditions. Tree hardy, disease resistant, very thrifty and productive. Fruit large, oval, yellow and red cheek. Flesh yellow, firm, juicy, of high quality. Splendid shipper and keeper. Mid-September. Freestone.

621 PACEMAKER

A very large, firm, attractive, yellow-fleshed fruit which ripens 10 to 14 days before Elberta. Very good for freezing. Tree is of J. H. Hale type, medium hardy, and the flowers are self-fertile. Freestone.

Cultivated Blueberries

Blueberry Plants

Blueberries will grow in any good garden soil. A well drained sandy loam, acid soil is best. Muck soil may be used if it is acid and properly drained. Good air circulation is important. Common sulphur and peat moss will make soil acid.

Set the plants 4 by 10 ft. apart. Cultivate once a week. Do not fertilize until plants have been set a year or more. Use Ra-Pid-Gro fertilizer or any reliable fertilizer, following directions.

Prune plants when dormant in early spring, starting the fourth year. Remove one or two old canes each year, and lightly thin out the tops in remaining old canes. Thinning increases size of fruit. Plants in garden may be watered once a week during dry weather.

POLLENIZATION

Good productiveness is assured by planting two or more different varieties for proper pollenization.

We recommend using 1 oz. of aluminum sulphate to a gallon of water for each bush. Also, 2 lbs. of peat moss per plant.

1614—**CONCORD**. High bush, berries large, well flavored, and attractive in appearance. Midseason.

1615—**RANOCAS**. Upright grower, vigorous, hardy; fruit very fine flavor. Fruit medium to large size. Sets very heavy crop of fruit buds. Midseason.

1616—**JERSEY**. Tall, nice shaped bush of attractive appearance. A good producer. Berries are large and of good quality. Late.

1617—**WEYMOUTH**. Plants seldom exceed 4 ft. in height and are a spreading type with dark green foliage. One of the earliest berries to ripen. Large berries with sub-acid flavor.

These low growing Blueberry bushes are as decorative as the fruits are delicious, and make a splendid low hedge.

New DWARF CHERRY TREES

These two great new sour pie Cherries that are grown on small trees are ideal for your garden. We feel fortunate in being able to help introduce them, they are both from the University of Minnesota Fruit Breeding Farm. Try them this year and be the first in your neighborhood.

1215—NORTHSTAR

At last a small sized sour Cherry tree that is delicious for pies. This is a cross between the Siberian Cherry and English Morello. It is very hardy and good quality. The fruit is bright red changing to mahogany-red. Flesh is tender, juicy and meaty. Season July 5th to 10th. It is self fruitful. Price: 2-3 ft., \$3.00 each; 2 for \$5.75.

Northstar

1216—**METEOR**. Also a small sized sour Cherry tree of the Montmorency type and an excellent Cherry. The fruit is large, the flavor is pleasant and the quality good. Ripens about ten days to two weeks later than Northstar. Self fruitful. PRICE: 2-3 ft., \$3.00 each; 2 for \$5.75.

Ebony King
The New Leader
in Blackberries

Blackberries

1621—THE NEW

EBONY KING

Maloney's offer only one variety, for Ebony King stands alone. A prolific bearer with berries of immense size. Ebony King is notably vigorous with upright sturdy canes. The berries are borne in very large clusters and have a true, sweet Blackberry flavor. Fruit ripens in July and continues over a long period. A variety we believe to be the best.

Price: 1-yr., No. 1, selected rooted cuttings, postpaid, 6 for \$1.95; 12 for \$3.75; 25 for \$7.25; 50 for \$13.50; 100 for \$21.50. Not postpaid, 250 for \$49.95; 500 for \$95.00.

How to Grow Blackberries and Raspberries

(For Raspberries see pages 49 and 50.)

Plant the cuttings with the eye, or crown, about 1 inch below the ground level in well-drained, cultivated soil. Set the cuttings approximately 4-5 feet apart each way. When the bearing season is over, remove all dead canes and rubbish to prevent disease. Cut back the new growth about one-third to give a bumper crop the next year. Spray occasionally through the growing season with any good fungicide. You will certainly be delighted to grow your own.

BOYSENBERRIES

Maloney's Improved Bushes

DEWBERRIES

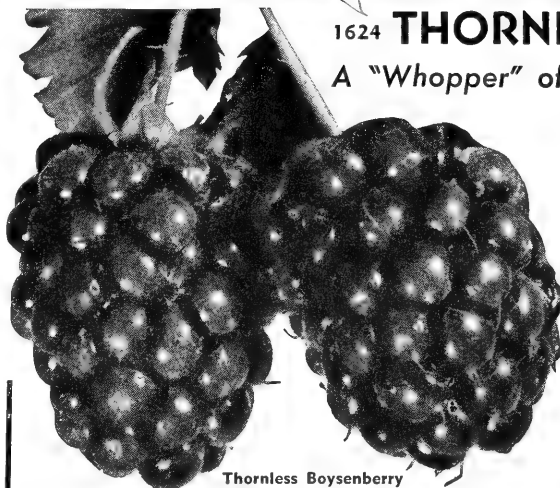

Plant the Popular LUCRETIA

1622—Excellent for canning. Of the Blackberry type, but produced on a trailing vine instead of upright bush. Berries extra large, long, glistening black. Attractive, firm, good quality. Plants are disease resistant. Yields large profits when grown commercially. Early July. **Price:** 2-yr., extra large, No. 1 plants, 3 for 90c; 6 for \$1.50; 10 for \$2.00; 25 for \$3.75, postpaid.

THORNLESS YOUNGBERRY

A Dark Wine-Red Color—Excellent for Jams

1623—It's thornless, hardy. Ripens early. Bears heavily and most delicious flavor. Ripens 2 weeks before Thornless Boysenberry. The fruit of this berry is large, a handsome dark wine-red color, sweet, deliciously flavored and practically seedless. **Price:** Select Plants, 3 for \$1.20; 6 for \$2.10; 10 for \$3.00; 25 for \$5.25, postpaid.

Thornless Boysenberry

1624 THORNLESS Boysenberry

A "Whopper" of a Berry Often Measuring an inch Across

This is the berry which has created such a sensation throughout the United States. A tremendous bearer of immense berries, often 1 1/2 to 2 inches long, of the highest quality. No matter whether used fresh or canned, or in pies or jelly, it stands supreme. No other berry has ever been received so enthusiastically or planted so widely. Late July.

The vines are absolutely thornless, making the cultivation of same and picking easy. They can be trained to a trellis or wire. A tremendous bearer of immense berries often 1 1/2 to 2 inches long, of the highest quality, large, delicious, juicy.

With some protection where the thermometer drops more than 10 degrees below zero, they can be grown almost anywhere other berries can be successfully grown.

Price: Select Plants, 3 for \$1.20; 6 for \$2.10; 10 for \$3.00; 25 for \$5.25, postpaid.

Plant A Big Variety of Fruit

Early Apples, Fall Apples, early and late Winter Apples, Cher-
ries, Pears, Plums and Peaches.

Plenty of small fruits like Grapes, Strawberries, Raspberries;
do not forget Rhubarb and Asparagus. Eat all you want fresh
in season, fill the jars for winter. Jelly, sauce, preserves.

EVERYONE KNOWS that fruit is wholesome, healthful, and
should be served every day. Did you ever stop and figure the
amount of money you are spending every year for fruit? And,
still, not always using as much as you would like.

IF YOU WILL INVEST only a part of the money you spend
for these delicacies, you can buy enough fruit trees and small
fruit plants to have them "On Your Own Grounds," for a life-
time supply. There is nothing finer, you know, than when fruit
is picked fresh from your own garden grounds—it gives you a
great satisfaction that can never be measured in cost.

SAVE A SEASON Plant These Extra-Size Trees

JAPANESE VARIETIES

1003—ABUNDANCE. One of the best Japan Plums. Tree grows rapidly, is healthy, comes into bearing remarkably young and yields abundantly. Fruit medium size, amber with markings of red; juicy, sweet. August.

1004—BURBANK. Large, round, red variety, full crop every year. Trees bear heavily, often need thinning. Tasty, yellow flesh; fine, firm texture. Early August.

They are self-unfruitful and two varieties such as Abundance and Burbank are best planted together to assure a crop. Japanese varieties, since they bloom earlier, are not suited as pollinators for European varieties.

EUROPEAN VARIETIES

1005—BRADSHAW. Very large and fine early Plum, dark violet-red, juicy and good. Very productive. Valuable for market. Late August.

1006—FELLENBERG PRUNE. (Italian.) The most popular commercial Prune. Valuable for dessert, for market and drying or preserving. Fruit large, dark purple with blue bloom, oval, pointed and tapering. Flesh is juicy and delicious, separating freely from the stone. Late September.

1007—IMPERIAL GAGE. Large, greenish. Middle of August.

1008—LOMBARD. Handsome reddish Plum. Flesh yellow, juicy, pleasant. An excellent variety and can be relied upon for a crop when other varieties fail. Late September.

1010—SHROPSHIRE DAMSON. Productive dark purple. Early October.

1011—STANLEY PRUNE. (New.) Introduced by New York Experimental Station. Large, Prune-shaped; dark blue becoming bluish black. Flesh greenish yellow, juicy, fine grained, sweet. Freestone. Mid-September.

1012—YELLOW EGG. A late ripening, large, golden yellow fruit. Excellent for cooking, and eating fresh from the tree. The largest and the handsomest of all yellow Plums. September.

Hardy Northern Grown — Disease-Free

The dates after varieties indicate the keeping season of the fruit.

801—**BEURRE BOSCH.** A delicacy in Pears. Large, yellow, flesh white, rich and delicious. Very popular early winter Pear. October-January.

802—**CLAPP'S FAVORITE.** A large, fine Pear resembling Bartlett; pale lemon-yellow with brown dots of fine texture. Melting, buttery, juicy and delicate flavor. Trees hardy and productive. August and September.

803—**KIEFFER.** Large, golden yellow. October-January.

804—**SECKEL.** Small, yellow, red cheek, juicy, excellent for pickling. Mid-September.

805—**SHELDON.** Large; sweet, yellow and green. Early October.

Bartlett, Beurre Bosch, Clapp's Favorite, Gorham and Sheldon will cross pollinate each other. Bartlett and Seckel will not and should not be planted together.

807—NEW MAX-RED PEAR

(Patent No. 741)

A red sport of Bartlett with all the desirable qualities of Bartlett plus an attractive red color and 10% more sugar by actual test! As the color does not carry through into the flesh, this excellent canning Pear is being widely planted for commercial canning. In hardiness, Max-Red is comparable to Bartlett. The only new Pear of proven outstanding merit. Price: 2-yr., L., 1-3, \$3.50 each; 4-20, \$3.25 each.

806—FANCY BARTLETT PEARS

Always "Top" the Market

One or two Bartlett Pear trees planted in the home garden will furnish a considerable amount of fruit that is A-1 in quality and quantity, and tops for either cooking or eating. It is recognized as the leading commercial Pear. Large yellow, waxy, rich and juicy; tree hardy, regular and heavy bearer. Early October.

New Seedless Pear

808 NEW SEEDLESS PEAR

No Seeds—No Core
A new fruit sensation. New discovery in a seedless and coreless Pear. Resembles Bartlett in many ways, including its color. Ripens 10 days after Bartlett. Keeps well in storage and ripens evenly.
Price: 2-yr., 4-6 ft., \$2.50 each.

Lovelier Flowers, and Better Fruits

HERE ARE SOME
VALUABLE SUPPLIES
CARRIED IN STOCK AT
ALL TIMES, AVAILABLE
FOR IMMEDIATE SHIPMENT

901—KILLER KANE

**Kills Weeds With a SQUIRT!
Bulls-eye Control of Weed Spray
SAVES CLOVER!**

Killer Kane sprays deadly weed killer right on the weed. Kills dandelion, plantain and other broad-leaved lawn pests way down to the root tips.

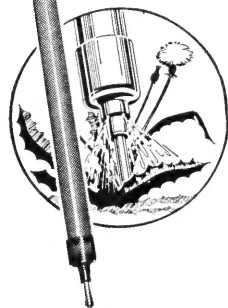

No stooping, no digging. You kill weeds as fast as you can walk. Just place point on weed . . . press . . . release . . . and a measured dose of spray drenches weed. Valve closes automatically as Killer Kane is lifted. Spray does not drift.

Can be used close to flowers, shrubs without danger. It's the easiest way to keep lawns free from weeds.

One Fill Treats 1,000 Weeds!

No separate mixing of weed killer solution necessary. Just remove end cap, pour water to height indicated, add 2-4-D or other weedicide and shake slightly. Follow recommendations of weed killer manufacturers as to time of application, etc.

The Killer Kane is made of durable, corrosion resistant plastic and brass. Lasts for years. **Price: \$2.10 each.**

903 KRILIUM

**Amazing New Soil
Conditioner for
Lawns and
Gardens**

Krilium, Merloam Formulation, is the sensational new Monsanto chemical for lawns and gardens. It turns hard-packed clay into loose, porous, productive soil with a single application. Prepare the soil as you always have—dig, break up the clods, fertilize if needed, level off. All you do that's new is mix Krilium and then water. Even clay or silt stays granular, porous—holds moisture without lumping or packing. Roots get more air and water, grow faster and stronger in loose, loamy soil. And these results are not for just a summer, but for many years. Makes better flower and vegetable gardens, better perennials and shrubs, and healthier house plants. This is not a fertilizer but so greatly improves the texture of the soil that when used, fertilizer is more effective. For making a new lawn it gives marvelous results even on hard clay. Complete instructions with each package. **Price: 1-lb. can, \$1.39.**

Free Gifts—See page 10

905—ALUMINUM SULPHATE

Makes soil acid for Blueberries, Azaleas and Rhododendrons.
Price: 5 lbs., \$1.35.

906—DUPONT FLORAL DUST

Here's the answer to many a gardener's wish—a single dust or spray that is an effective insecticide and fungicide. Highly effective against both chewing and sucking insects and also against many fungous diseases such as leaf-spots, blight, mildew, etc.

Contains 40.75% active ingredients, methoxychlor, technical 5.00%, ferric dimethylidithiocarbamate 7.6% (in "Fermate" fungicide), sulphur (98% min. through 325 mesh) 26.20%, rotenone 0.75%, other cube resins 1.20%, inert ingredients 59.25%. **Price: 1-lb. can, \$1.35.**

902—G. S. "MASTER" SPRAYER

Ideal for the home. Sprays 30 feet. May be used with water, paint or whitewash. Unusually sturdy and easy to use. Weighted end of 5-foot hose is placed in pail containing the spray mixture;

all-brass telescoping nozzle projects a spray from a fine mist to a 30-foot stream. Adjustable, non-clogging nozzle with goose-neck for getting under foliage. Easily cleaned. Will not wear out or break. Full instructions included. **Price: \$8.95 each.**

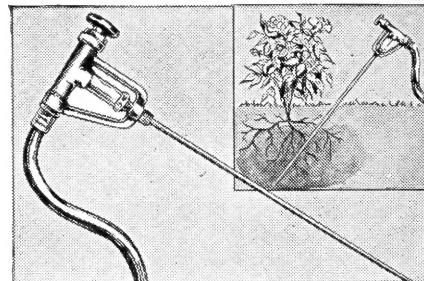

904—ROSS ROOT FEEDER

Root Feeding for Improved Plant Growth, Watering, Fertilizing

The Ross Root Feeder puts the fertilizer and water directly to the roots. Produces healthier and more vigorous growth. Especially fine for Roses, shrubs and trees. You can fertilize and water at same time or you can just water. Needed all season. In the spring it is a quick booster for old and new plantings. In the summer insures food and water during dry spells. In the fall very necessary to put moisture down at the roots to prevent winter damage. Simple, easy to use, nothing to get out of order and lasts for years. For watering, just attach to hose. For fertilizing, place cartridge in the chamber, attach to hose and turn on the water. Push it into the ground to desired depth. No water or fertilizer is wasted. Puts it DOWN AMONG THE ROOTS WHERE IT IS NEEDED.

Price: \$4.98 with one dozen regular fertilizing cartridges included. Additional cartridges—box of 12, complete neutral fertilizer (8-16-8) \$1.00 each.

SEE PAGE 2

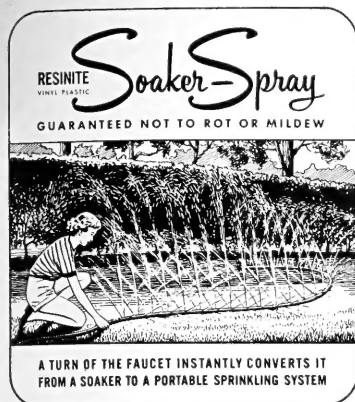

907—KOLO

**Fruit Tree Dust or Spray—Insecticide-Fungicide
Containing Kolo-Sulphur Plus DDT and
Basic Lead Arsenate**

Formulated for complete insect and disease control after dormant stage, this material can be used with safety on Apples, Peaches, Pears, Plums, Prunes and certain ornamentals. A superior insecticide and sulphur fungicide of extremely fine particle size. It is excellent for use as a dust or spray in the control of codling moth, curculio, tent caterpillar, case bearer, rose chafer, plant bugs, leaf hopper, Japanese beetle, apple maggot, Oriental fruit moth, peach twig borer, and for such fungous diseases as apple scab, powdery mildew, pear scab, peach scab, and brown rot of stone fruits. 3 lbs. makes 25 gal. dilute spray. **Price: 3-lb. bag, \$1.65.**

Requisites for Garden Success

908—RESINITE SOAKER-SPRAY THE NEW DUAL USE SENSATION FOR LAWN AND GARDEN

The new Resinite Soaker-Spray is a continuous length of vinyl-resin tubing, spirally perforated with tiny holes to allow proper seepage of water for scientifically soaking the soil. Comes with standard coupling for attaching to garden hose. A turn of the hydrant and it becomes an effective sprinkler for lawn or garden. No moving parts, no clogging, nothing to repair.

It is guaranteed against oxidation from sunlight, mildew, or decomposition for one year.

PRICE:

20 ft.	\$2.75 each
35 ft.	3.85 each
50 ft.	4.95 each

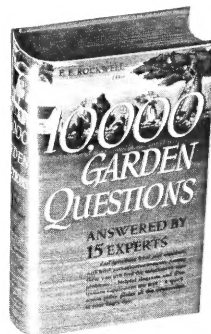

910 TREE PROTECTORS

The tender bark of your young tree is especially tempting to rodents of all sorts. Recent studies by the Control Methods Research Laboratory of the U. S. Biological Survey have shown that greater attention must be given to the natural habits of rodents if they are to be controlled. Our heavy tree protectors of

plastic construction will protect your trees from rodents, rabbits and other pests. Each is 12 inches in height and easy to apply.

Price: 6 for \$3.50; 12 for \$6.50.

909—OUTSTANDING GARDEN BOOK 10,000 GARDEN QUESTIONS

A Revelation to Every Garden Lover

Ask all the questions you want to know about gardening. It tells you the why and wherefore of plant life, etc. 1467 pages, absolutely the best book of its kind we have seen. Price: \$4.95 each.

RA-PID-GRO

911 The Amazing New Discovery in Foliage Feeding

RA-PID-GRO is 100% usable by plants, it contains no inert materials, no filler. It is all usable and when dissolved in water one pound of RA-PID-GRO makes 22 gallons of liquid plant food.

RA-PID-GRO is a miracle-working concentrated food that helps nature bring out the best in your flowers, fruits, vegetables and ornamental shrubs. It contains all the elements intended plants to have plus Vitamins B.

Use RA-PID-GRO on everything you grow, directions for use on every package. Enjoy your lawn, garden and flowers at their best—feed RA-PID-GRO, a clean odorless powder instantly soluble. We recommend for each 100 lbs. of other fertilizer used in the past, purchase one pound of RA-PID-GRO.

IT'S CONCENTRATED. Saves transportation costs—less storage space required.

IT'S BALANCED. Contains not just one chemical but all the known elements for healthy plant growth.

IT'S FAST ACTING. Quickly absorbed by plants through foliage or roots—no waiting weeks for rainfall.

IT'S EASY TO APPLY. Can be applied with your own spray equipment or sprinkler.

SAVES TIME AND LABOR. Can be used with insecticides and weed killers—double purpose job of feeding and pest control.

Prices Postpaid:

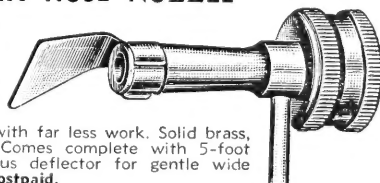

1 pound RA-PID-GRO	\$1.25
2 pounds RA-PID-GRO	2.35
5 pounds RA-PID-GRO	4.50
10 pounds RA-PID-GRO	8.75
